INVITATION

Dear colleagues, participants and guests,

It is my great pleasure to welcome you all to King George's Medical University, Lucknow, India, for our unique and exciting 26th UPIASICON 2018 during 6th-7th October 2018. Over two inspiring days, mindboggling sessions in the various fields of anatomy will help in enhancing the insight of subject.

Pre-conference CME titled '**Recent trends in Cytoogenetics**'. A comprehensive understanding of the basic cytoogenetics and its implication in diagnosis & treatment of medical problems. We also have a post conference hands on workshop on karyotyping.

Lucknow is a vibrant city of unique combination of cultured grace and newly acquired modern pace. It is famous for its courtly manner, poetry, music, exotic culinary expertise with its relishing eateries and Nawabi Culture. It is a place of architectural glory which speaks volumes of the lavish life style and rich cultural heritage of the by gone era. It is also known as "City of Parks".

You can discover and rediscover Lucknow every day and every moment that is why we call it Lucknow. I look forward to the pleasure of greeting you at what promises to be an exciting and fruitful meeting. You contact us at 26upasicon@gmail.com.

(Prof. Navneet Kumar)

Places of interest: Lucknow

Rumi Gate

This colossal, ornate 60 feet high gate was built under the patronage of Nawab Asaf-ud-Daulah in 1784. It is said to be identical in design to an ancient portal at Constantinople. Its uppermost consists of an eight faceted Chattri, approachable by a staircase.

Jama Masjid

The construction of Jama Masjid, to the north – west of Hussainabad Imambara, was started in 1839 AD during the reign of Mohammad Ali Shah but was completed after his death by his Begum, Nawab Malika Jahan. It is entirely free from the pseudo-Italian art then in vogue in Lucknow and reflects the Mughal style of architecture.

Bara Imambara

This magnificent monument recalls the glorious past of the Nawabs and stands out for its austerity in style, proportion and symmetry along with daring techniques in architecture. Nawab Asaf-ud-Daulah built this Imambara which also houses his tomb. The remarkable feature of the Imambara, is the absence of pillars for support, to the 50ft. high main hall and a labyrinth of intricate balconies and passages in the upper floor, the Bhul Bhulaiyya. To the left of the Imambara, is the imposing Asafi Mosque. Shahi Baoli is another attraction here.

Lodheshwar Mahadev-(44 Km): this ancient Shiv temple is situated at village Mahadeva in tehsil Ram Nagar of district Barabanki on the banks of Ghaghra. Lodheshwar Mahadev has ancient history to its credit. The Shivaling in this temple being one of the exotic and rarest of the 52 shivalings on the surface of earth.

Dewa Sharif-(21 Km): this is the birth place of Haji Waris Ali Shah who was to influence the lives of many generations' people with his message of universal love for humanity. Hindus held him in high esteem and regarded him as a perfect sufi and a follower of Vedanta.

Parijaat tree-(53 Km): It is believed that Arjun brought this tree from heavens and Kunti used to offer and crown Shivji with its flowers. The other saying being, that Lord Krishna brought this tree for his beloved queen Satyabhama. Historically, through these saying may have some bearing or not, but it is true that this tree is from a very ancient background. According to Harivansh Puran, Parijaat is a type of Kalpvriksh, it is said to be found only in the heavens and, whosoever makes a wish under this tree, gets fulfilled.

Other places: Chhota Imambara, Shahjahan Imambara, Residency, Clock Tower, Satkanda, Kaiserbagh Place complex, Begum Hazrat Mahal Park, Dilkusha Palace, Regional Science City, Zoo, Indira Gandhi Planetarium, Dr. B.R. Ambedkar Samajik Prativartan Sthal, Kukrail Reserve Forest, State Museum
