

REPORT ON BODY DONATION AWARENESS PROGRAM

Body Donation Awareness Program - "Yug Dadheechi Deh Daan Abhiyaan" is organized by the Anatomy Department, KGMU.

The first donated body came to the Department of Anatomy in the year 1993. The body donation program paced up in the year 2001 with the help of "Gayatri Parivaar", when Dr. Ashok Sahai along with other colleagues of the department started taking lectures for the awareness of body donation in the nearby rural & urban areas. Since then, many people of different caste & creed have been coming to the department for filling the body donation forms and getting their bodies registered for donation to the Department of Anatomy, kgmu up for teaching, learning and research purposes.

The form is filled in duplicate and is signed by the spouse or children (near & dear ones) so that at the time of death, the body can be donated to the medical college without any problems.

The body donation form is available on the official KGMU website.

On 14th May 2022, a body donation awareness program was held at Bhagirathi Enclave Apartment Resident Welfare Society, Sector 2B, Awadh Vihar Yojna, Lucknow.
