विषय:- भारत सरकार योजनान्तर्गत किंग जॉर्ज चिकित्सा विश्वविद्यालय उ०प्र०, लखनऊ में रीजनल जीरियाट्रिक सेन्टर/जीरियाट्रिक मेडिसिन विभाग की स्थापना (100 प्रतिशत भारत सरकार के स्तर से स्वीकृत) हेतु प्रशासकीय एवं वित्तीय स्वीकृति प्रदान करने एवं कार्यदायी संस्था का निर्धारण करने के सम्बन्ध में।

महोदय,

कृपया उपर्युक्त विषयक इस कार्यालय के पत्र संख्या-13621/योजना अनु०/2020 दिनांक 16.03.2020 (संलग्नक-1) एवं पत्र संख्या-11738/योजना/2021 दिनांक 23.01.2021 (संलग्नक-2) एवं पत्र संख्या-12011/योजना अनु०/2021 दिनांक 23.01.2021 तथा पत्र संख्या-2481/योजना अनु०/2021 दिनांक 14.06.2021 एवं पत्र संख्या-4603/योजना अनु०/2021 दिनांक 04.08.2021 का संदर्भ ग्रहण करने की कृपा करें, जिसके द्वारा भारत सरकार योजनान्तर्गत किंग जॉर्ज चिकित्सा विश्वविद्यालय उ०प्र०, लखनऊ में रीजनल जीरियाट्रिक सेन्टर/जीरियाट्रिक मेडिसिन विभाग की स्थापना हेतु उ०प्र० राजकीय निर्माण निगम लि० से प्राप्त प्रारम्भिक प्रस्ताव/आगणन रु० 498.16 लाख एवं मानचित्र/ले-आउट प्लान पर सक्षम प्राधिकारी एवं चिकित्सा विश्वविद्यालय के अभियंताओं की संस्तुति/सहमति सहित शासन को प्रेषित कर उक्त परियोजना हेतु कार्यदायी संस्था को नामित करने के साथ-साथ आगणन/प्रस्ताव की प्रशासकीय एवं वित्तीय स्वीकृति प्रदान करने का अनुरोध किया गया है।

उपरोक्त के क्रम में शासन के पत्र संख्या-1105/71-2-2021 दिनांक 03.08.2021 एवं पत्र संख्या-1535/71-2-2021 दिनांक 12.08.2021 द्वारा प्रश्नगत प्रायोजना के सम्बन्ध में कतिपय बिन्दुओं पर आख्या चाही गई थी, जो प्रो० कौसर उस्मान, आफिशिएटिंग विभाग, जीरियाट्रिक मेडिसिन विभाग, के०जी०एम०यू० के पत्र संख्या-1756/मेडिसिन/21 दिनांक 28.08.2021 द्वारा शासन की पृच्छा के क्रम में बिन्दुवार आख्या उपलब्ध कराई गई थी, जो इस कार्यालय के पत्र संख्या-5754/योजना अनु०/2021 दिनांक 31.08.2021 द्वारा प्रेषित करते हुए भारत सरकार योजनान्तर्गत किंग जॉर्ज चिकित्सा विश्वविद्यालय उ०प्र०, लखनऊ में रीजनल जीरियाट्रिक सेन्टर/जीरियाट्रिक मेडिसिन विभाग की स्थापना हेतु पूर्व प्रेषित आगणन रु० 498.16 लाख रु० 5.00 करोड़ की सीमा के अन्तर्गत होने के कारण महानिदेशक, चिकित्सा शिक्षा एवं प्रशिक्षण उ०प्र०, लखनऊ की अध्यक्षता में गठित तकनीकी समिति से आगणन का परीक्षित कराने कार्यदायी संस्था का निर्धारण एवं प्रशासकीय एवं वित्तीय स्वीकृति प्रदान का अनुरोध किया गया है, जो शासन में विचाराधीन है।

उपरोक्त के क्रम में अवगत कराना है कि भारत सरकार, स्वास्थ्य एवं परिवार कल्याण मंत्रालय, निर्माण भवन, नई दिल्ली के पत्र संख्या-T-21020/2013-NCD-(i) दिनांक 01 फरवरी, 2016 (संलग्नक-3) द्वारा प्रश्नगत प्रायोजना हेतु निम्नवत् प्राविधान किया गया है:-

KING GEORGE'S MEDICAL UNIVERSITY, LUCKNOW

This Memorandum of Understanding (MoU) is entered into by JPN Apex Trauma Centre, AIIMS, New Delhi and King George's Medical University, Lucknow, on *December* 2016, to specify the terms and conditions for the CDC, USA funded project, titled "*Capacity Building and Strengthening of Hospital Infection Control to Detect and Prevent Antimicrobial Resistance in India*" conducted by the JPN Apex Trauma Centre, AIIMS, New Delhi.

The terms of the Agreement are applicable to the project identified below conducted by the JPN Apex Trauma Centre, AIIMS, New Delhi.

Project covered under this Agreement

Name of the Project *Capacity Building and Strengthening of Hospital Infection Control to Detect and Prevent Antimicrobial Resistance in India*

Principal Investigator: Dr. Purva Mathur, Additional Professor, Department of Laboratory Medicine, JPN Apex Trauma Centre, AIIMS, New Delhi

Co-Principal Investigator: Dr. Subodh Kumar, Additional Professor, Department of Surgery, JPN Apex Trauma Centre, AIIMS, New Delhi

Funding Agency: Center for Disease Control and Prevention (CDC), USA.

Duration: 01/10/2015 to 30/09/2020

I. Background

The rise of antimicrobial resistance (AMR) with the rapid dissemination of multidrug resistant (MDR) bacteria within and between countries is now considered a global patient safety issue and a major public health concern. Many Asian countries experience more significant problems with MDR bacteria than those reported from the western world.

Worldwide, over 1.4 million patients suffer from healthcare associated infections (HAIs) at any time. HAIs have tremendous implications in terms of associated mortality, morbidity, adverse patient outcomes, increased cost of treatment, and social impact. Apart from the escalating rates of HAIs, MDR organisms now increasingly cause these infections. The problem is further compounded by the severe paucity of new antimicrobials, making treatment extremely difficult. In the present scenario of international travel, and as evidenced by the recent Ebola outbreak, no country is safe from imported infectious diseases. An important initiating point to curtail HAIs and AMR is through capacity building to ensure that systems, policies and procedures are in place to rapidly and accurately detect and monitor AMR and HAIs.

In this project, the All India Institute of Medical Sciences (AIIMS), New Delhi proposes to collaborate with CDC and ICMR to leverage the existing capacities for microbiology and robust academic capabilities of the ICMR AMR network to implement a step-wise, scalable process for quantifying, strengthening, and expanding the ability of the healthcare systems in India to generate, apply and report accurate AMR data. The project will entail development of a Center of Excellence (COE) for Surveillance of HAI and AMR at AIIMS. In the first year, apart from the COE, four nodal Centers (AIIMS, New Delhi; PGI, Chandigarh; CMC Vellore; JIPMER, Pondicherry) and two other centers (Hinduja hospital, Mumbai; Assam Medical College, Dibrugarh) will be strengthened for implementation of uniform detection, reporting and prevention guidelines for HAIs and AMR. This project will also strengthen the national capacity for surveillance of HAIs, using the modules developed at AIIMS, based on CDC's NHSN guidelines. AIIMS has already developed an indigenous electronic surveillance format, which can be implemented at other nodal and regional centers to enhance electronic data entry and data sharing. This serves both the need for reliable AMR data to support successful patient care, and public health need to measure, track and report the magnitude and types of AMR and HAI threats affecting India, in accordance with stated GHSA goals. In addition, the clinical facility component of the project will assess and strengthen both clinical antimicrobial use practices and infection control capacities for containment of AMR pathogens.

In the Second phase, the following centers will be added to the network: All India Institute of Medical Sciences, Jodhpur; Sevagram, Wardha; Tata Medical Center, Kolkata; Manipal Medical College and Hospital, Karnataka; Sir Ganga Ram Hospital, New Delhi; Nizam's

~~Head of the
K.G.'s Medical College
Lucknow~~

hospital, Hyderabad; KGMU, Lucknow; and Apollo Hospital, Chennai. These centers will also be working on the stated objectives.

The short-term outcomes include development of trained workforce; establishing external quality standards for AMR surveillance; and strengthening infection control action plans and HAI surveillance at nodal facilities. These activities would serve to strengthen AMR and HAI surveillance that is linked with infection control activities at regional centers in the second phase. The activities in this project will advance India's capacity to detect and prevent AMR in a sustainable way and will achieve measurable progress toward the AMR GHS targets. It would ensure that uniform systems are in place across the length and breadth of India. The ultimate long-term objective is for India to have a sustainable, representative AMR and HAI surveillance network that produces quality data and informs the development and implementation of evidence-based national policies on antimicrobial stewardship and HAI prevention.

II. Responsibilities of the King George's Medical University, Lucknow

- Nominate personnel for workshop/training/review meetings related to the project.
- Ensure that all Device Associated Infection cases (DAIs, fulfilling the case definition as per the SOPs prepared) identified from selected ICUs of the King George's Medical University, Lucknow are included in the surveillance work of this project.
- Ensure that case report forms are filled up for all the above patients of DAIs.
- Maintain complete and accurate data of all patients under surveillance.
- Maintain complete records of the antimicrobial susceptibility of isolates recovered from DAIs cases as defined above.
- Participate in the EQAS program developed specifically for this project work.
- Ensure that strains are shared in the EQAS as per the protocol prepared by the network.
- Participate in the Infection Control Assessment by filling the approved Infection Control Assessment tool in a timely manner.
- Ensure that the entire data of DAIs and AMRs is regularly entered into specific software developed in this project.
- Ensure that the Microbiology labs of the King George's Medical University, Lucknow shall take part in the Quality Assurance Program conducted by network created in this project.
- Permit the Project/Laboratory Coordinators appointed by AIIMS to function as liaison officers for the project.
- Ensure maintenance of an inventory of all supplies and equipment purchased for the Project work. A copy of the registers would be sent to the end of each financial year to AIIMS.

Head of the Department of
Microbiology
K.G.'s. Medical University U.P.
Lucknow.

- Ensure that updated Project progress reports for the preceding calendar month are sent to AIIMS by the 10th of every month.
- Nominate one person to liaise with AIIMS for feedbacks, reporting and trouble-shooting as well as for financial matters.
- Ensure that all procurements are done as per Govt. of India's rules and regulations
- The items will be tendered as per rules and the lowest cost equipment satisfying the technical and tender terms would be selected for purchase. The cost includes the Annual Maintenance charges and the cost of tendering etc.
- Permit, facilitate and coordinate the visits to King George's Medical University, Lucknow by the AIIMS and CDC team as and when required.
- King George's Medical University, Lucknow will intimate to AIIMS the amount of money required at least 30 days prior to the expected expenditure (which includes salaries and expenditures for consumables, travel and equipment).
- Original bills of expenditure would be sent to AIIMS every month.
- The expenditures in each category (Personnel salary/ consumables/ equipment/ travel) will not exceed the limit mentioned in the allotted budget.
- A Utilization certificate in standard format would be submitted to AIIMS for the purpose of audit and annual fund expenditure report to be submitted to the funding agency.
- Recruitment of staff would be done as per the rules of Govt. of India. The positions and salaries would be as per ICMR guidelines.
- Ensure that the staff employed will work 100% of their time only for this project.
- Travel (TA/DA) is allowed only as per Govt. of India's rules and regulations.
- King George's Medical University, Lucknow will serve as mentor for other regional centers as and when the network expands in the next phase of work.
- Ensure the development of trained manpower on various components of this project.
- Presentation of their data in the annual/ biannual meetings between various centers.

III. Responsibilities of JPN Apex Trauma Centre, AIIMS, New Delhi

- Will function as the overall Project Coordinator. The Principal Investigator will be responsible for data compilation, feed-backs and reporting to the King George's Medical University, Lucknow regarding rates and trends of DAIs and AMRs/ EQAS and various assessment tools.
- Will identify additional centers for the next phase as the network will expand and work closely with those centers.
- Will liaison with King George's Medical University, Lucknow for the smooth functioning of the project.

Head of the Department of
Microbiology
K.G.'s Medical University
Lucknow

- Will develop protocols in coordination with ICMR, CDC-India and other participating centers for External Quality Assurance program to ensure quality in AMR Laboratory testing, EQAS for AMR, Infection Control Assessment tool, surveillance for DAIs and Tools to monitor Antimicrobial stewardship program.
- Payment would be done on a monthly basis by AIIMS to King George's Medical University, Lucknow (subject to receipt of bills and expenditure details every month).
- Provide facilities for training (in terms of space, manpower and inviting national and international experts) for activities committed in the project. Conduct periodic training/ review meetings/ workshops.
- Carry out assessment and review of the various activities of this project as and when required and submit annual reports to the funding agency. Will be responsible for submitting performance reports and expenditure reports to the funding agency.
- Will provide required technical and other assistance as and when required.
- JPNA Trauma Center will enter all reports of their patients enrolled in the network in the electronic network/ software designed through this project.
- It will participate in EQAS, Infection Control assessment, Laboratory Assessment and AMSP assessment as per the tools and SOPs developed in this project
- Nominate personnel for workshop/training/review meetings related to the project.
- Ensure that all Device Associated Infection cases (DAIs, fulfilling the case definition as per the SOPs prepared) identified from ICUs of patients admitted to the JPNA Trauma Center are included in the surveillance.
- Ensure that case report forms are filled up for all the above patients of DAIs.
- Maintain complete and accurate data of all patients under surveillance.
- Maintain complete records of the antimicrobial susceptibility of isolates recovered from DAIs cases as defined above.
- Ensure that strains are shared in the EQAS as per the protocol prepared by the network.

 Head of the Department of
 Microbiology

IV. Financial Responsibilities

- The following is the budget allotted to King George's Medical University, Lucknow for one year for all activities pertaining to this work

Budget Summary (For year One)

Budget Heads	Amount
Staff	Rs 12.5 lakhs
SRF 1 @ Rs 36,400	
Nurse 1 @ Rs 17,040	
Technician 1 @ Rs 17,040	
Data entry operator 1 @ Rs 17,040	
Lab Attendant: 1 @ 14,910	
Equipment	Rs 10 Lakhs
Supplies	Rs 20 Lakhs
Others	Rs 7.5 Lakhs
Travel	Rs 2.5 lakhs
Total	Rs 52,50,000

Govt. of India Pay scales and Qualifications/ eligibility rules will apply. Each selected staff will work 100% of time for this project only

V. Record keeping and access

- The King George's Medical University, Lucknow will maintain the complete and accurate data of all patients of DAIs identified included in this work, record of AMR, EQAS, Infection Control Assessment, AMSP assessment and Lab assessments.
- They will communicate the findings, results and the completed and accurate data to AIIMS on a monthly basis or as required

Head of the Department of
Microbiology
K.G.'s. Medical University U.P.

LONG TERM AGREEMENT

This Long-Term Agreement (LTA) is made between the WORLD HEALTH ORGANIZATION, Country Office for India, room no 533-535, A wing, Nirman Bhawan, Maulana Azad Road, New Delhi -110011 (hereinafter referred to as WHO-India) and M/s King Georges Medical University Lucknow, Department of Microbiology, Lucknow - 226003, India (hereinafter called the "Contractor").

Whereas, WHO in concurrence with the Government of India has designed a laboratory supported surveillance system to address cases relating to certain additional vaccine-preventable diseases (VPD) like diphtheria, pertussis and neonatal tetanus. The expanded surveillance system will provide an insight to the overall performance of the immunization programme and identify pockets of susceptibility to guide vaccination strategies. This initiative will help in further reducing the morbidity and mortality due to proper case management resulting in timely public health interventions. As the VPD surveillance system involves laboratory confirmation of samples collected from suspected diphtheria and pertussis cases, a laboratory network that can test samples in accordance to internationally acceptable standards of Diphtheria and Pertussis laboratory diagnosis needed to be established and maintained.

Through this LTA, WHO Country Office for India would be engaging the services of the Contractor to conduct surveillance by providing funding support under broad budget heads namely, essential human resource, procurement of short shelf life consumables/reagents, shipment of samples/isolates, maintenance of equipment and miscellaneous costs towards communication, stationery etc. (hereinafter referred to as the "Services").

Whereas, the Contractor has submitted a financial and technical proposal dated 20 September 2019 in response to our email communication dated 24 July 2019 (the "Contractor's bid");

Whereas, WHO wishes to enter into a Long-Term Agreement for the provision of the Services by the Contractor to WHO, pursuant to which WHO may conclude specific contractual arrangements with the Contractor, as provided herein; and

Whereas, the Contractor is willing to provide the Services described more fully in the terms of reference listed in Annex 1 hereto, to WHO on the terms set forth herein,

Now, therefore, WHO and the Contractor (hereinafter each referred to as a "Party" and, collectively, as the "Parties") hereby agree as follows:

1 REQUESTS FOR SERVICES/PROVISION OF SERVICES

1.1 WHO may during the term of this Agreement request the Contractor to provide the Services listed in Annex 1 hereto, as and when required by WHO. Any such request shall be made by WHO through written communication referencing the present Agreement and detailing WHO's specific requirements with regard to the Services. Services may be requested for any duration (up to the maximum specified in Annex 1) depending on WHO's requirements.

1.2 The Contractor shall provide the requested Services in accordance with the technical specifications set forth in the terms of reference and any specific requirements which WHO has communicated to the Contractor (as set forth in Annex 1 hereto).

- 1.3 The Contactor shall provide the Services requested by WHO at the prices listed in Annex 2. These prices shall remain valid for three years i.e. until 2022.
- 1.4 This Agreement is non-exclusive, and WHO shall have no limitation on its right to obtain services, including services of the same kind, quality and/or quantity as described in this Agreement, from any other sources at any time.
- 1.5 Unless otherwise specified in this Agreement, WHO shall have no obligation to purchase any minimum quantities of Services from the Contractor.
- 1.6 Any and all of the Contractor's (general and/or special) conditions of contract are hereby explicitly excluded from this Agreement, i.e., regardless of whether such conditions are included in the Contractor's proposal, or printed or referred to on the Contractor's letterhead, invoices and/or other material, documentation or communications.

2 CHANGES IN CONDITIONS

- 2.1 In the event of any reduction in the pricing applicable to the above services provided by the Contractor to its other customers during the term of this Agreement, the Contractor shall immediately notify WHO, and WHO shall have the right to benefit from such a reduction in price for any Services that it may request under this Agreement. In such case, the Parties shall agree in good faith upon a corresponding amendment to Annex 2 of this Agreement.
- 2.2 The Contractor shall provide the Services within the time frame to be agreed between the Parties.
- 2.3 Neither Party shall be responsible for a delay caused by *force majeure*, that is, a delay caused by reasons outside such party's reasonable control it being agreed, however, that WHO shall be entitled to terminate this Agreement (or any individual agreement and/or similar arrangement for agreement issued hereunder) forthwith if the implementation of the work is delayed or prevented by any such reason for an aggregate of 30 days. Such termination shall be subject to payment of an equitable part of the contract sum and/or other reasonable charges. In the event of such termination, the Contractor shall, in accordance with the general condition of standard WHO agreements, ("All rights in the work, including ownership of the original work and copyright thereof, shall be vested in WHO, which reserves the right (a) to revise the work, (b) to use the work in a different way from that originally envisaged, or (c) not to publish or use the work"), deliver to WHO all work products and other materials so far produced.
- 2.4 In the event of and as soon as possible after the occurrence of any cause constituting *force majeure*, the Contractor shall give notice and full particulars in writing to WHO, of such occurrence or change if the Contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under this Agreement. The Contractor shall also notify WHO of any other changes in conditions or the occurrence of any event which interferes or threatens to interfere with its performance of the contract. The notice shall include steps proposed by the Contractor to be taken including any reasonable alternative means for performance that is not prevented by *force majeure*. On receipt of the notice required under this section, WHO shall take such action as it, in its sole discretion, considers to be appropriate or necessary in the circumstances, including the granting to the Contractor of a reasonable extension of time in which to perform its obligations under this Agreement.

3 CONFIDENTIALITY

- 3.1 Except as explicitly provided in this Agreement, the Contractor shall keep confidential all information which comes to its knowledge during, or as a result of, the implementation and execution of this Agreement or any subsequent arrangement for agreements concluded between the Parties. Accordingly, the Contractor shall not use or disclose such information for any purpose other than the provision of the Services. The Contractor shall ensure that each of its employees and/or other persons having access to such information shall be made aware of, and be bound by, the obligations of the Contractor under this paragraph. However, there shall be no obligation of confidentiality or restriction on use, where: (i) the information is publicly available, or becomes

publicly available, otherwise than by any action or omission of the Contractor, or (ii) the information was already known to the Contractor (as evidenced by its written records) prior to becoming known to the Contractor in the implementation and execution of the Contract; or (iii) the information was received by the Contractor from a third party not in breach of an obligation of confidentiality.

- 3.2 The Contractor undertakes not to disclose any information which is received by it or to which it has otherwise gained access, for the purpose of providing the Services only to persons who have a need to know (such as its employees working on providing the Services, or otherwise to third parties who have been explicitly authorized and designated by WHO) and who are bound by like obligations of confidentiality as contained in this Agreement.

4 CONTRACTOR'S REPORTING

The Contractor will, upon request by WHO, report to WHO on the Services provided under this Agreement. The report should include a summary list of contracts issued for the relevant period, a summary of the Services provided and total cost per contract for the relevant period, as well as cumulative amounts paid to the Contractor from the Effective Date of this Agreement.

5 MISCELLANEOUS

- 5.1 This Agreement shall enter into force on the date of its last signature by the Parties (the "Effective Date") and shall remain in force until 31 December 2022 from the date of commencement of the contract.

- 5.2 Without WHO's prior written approval, the Contractor shall not, in any statement of an advertising or promotional nature, refer to this Agreement or any subsequent agreements concluded between the Parties or its relationship with WHO. In no case shall the Contractor use the name or emblem of WHO, or any abbreviation thereof, in relation to its business or otherwise.

- 5.3 Any notices required under this Agreement shall be in writing and shall be delivered personally or sent by registered or certified mail, prepaid, or telex or facsimile to the following addresses:

or such other addresses as either party shall have notified the other party. Any such communication shall be deemed to have been given or made on the date such letter was hand-delivered, registered or transmitted from the sender's facsimile operator, but any assumption of actual notice shall be subject to rebuttal to show that it has not actually been received.

5.4 Any matter relating to the interpretation or application of this Agreement or any subsequent agreements concluded between the Parties which is not covered by its terms shall be resolved by reference to Swiss law. Any dispute relating to the interpretation or application of this Agreement or any subsequent agreements concluded between the Parties shall, unless amicably settled, be subject to conciliation. In the event of failure of the latter, the dispute shall be settled by arbitration. The arbitration shall be conducted in accordance with the modalities to be agreed upon by the Parties or, in the absence of agreement, with the rules of arbitration of the International Chamber of Commerce. The Parties shall accept the arbitral award as final.

5.5 Nothing contained in or relating to Agreement or any subsequent agreements concluded between the Parties shall be construed as a waiver of any of the privileges and immunities enjoyed by WHO under national or international law, and/or as submitting WHO to any national court jurisdiction.

6 ANNEXES

6.1 The following Annexes, attached hereto, form an integral part of this Agreement (in the following descending order of priority):

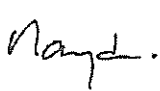

Annex 1: Technical Specifications applicable to the Services (Terms of Reference)

Annex 2: Schedule of prices applicable to the Services

6.2 In the event of any inconsistency between any of the above documents, the document with the highest priority according to the above-mentioned priority of documents will prevail. This Agreement will prevail over the Annexes.

6.3 This Agreement with the above-mentioned documents represents the entire agreement between the parties and supersedes and cancels any and all previous written and/or oral agreements between them with respect to the subject-matter thereof. This Agreement may not be modified, except in writing signed by both parties.

IN WITNESS WHEREOF, the duly authorized representatives of the Parties have signed this Agreement.

Subject: Recurring Grant-in-aid for implementation of the scheme, "Setting up of Nation-wide Network of Laboratories for Managing Epidemics and National Calamities" to the King George's Medical University, Lucknow, State Level VRDL, through 'Assignment' to the Reserve Bank of India (RBI) under the Treasure Single Account (TSA) System during the financial year 2021-22.

Sir/Madam,

The Director General, ICMR hereby sanctions of Rs. 52,25,000/- (Rupees Fifty Two Lakhs Twenty Five Thousand Only) of grant-in-aid to the Principal, King George's Medical University, Lucknow, for "Setting up of Nation-wide Network of Laboratories for Managing Epidemics and National Calamities".

1. The component wise break-up of the amount is given in the enclosed statement (Annexure - I).
2. The scheme will be implemented in accordance with the guidelines on the scheme (available on the website www.dhr.gov.in) and subsequent release of grant-in-aid will be subject to adherence to the terms & conditions mentioned in the guidelines for the scheme.
3. The payment of grant-in-aid will be subject to the Rule 228 to 245 of provisions of GFR-2017 and the following terms and conditions:
 - a. The grantee institute shall not without prior sanction of the Government dispose of or encumber or utilize the assets required wholly or substantially out of the Government grant for purposes other than those for which the grant has been sanctioned.
 - b. Accounts of the institute will be audited by the Comptroller and Auditor General of India.
 - c. The accounts of the grantee institution shall be open to inspection by the sanctioning authority and audit both by the CAG of India under the provision of CAG (DPC) Act, 1971 and internal audit wing of the O/o CCA of the Ministry, whenever the institution or organization is called upon to do so.
 - d. A validation certificate and audited statement of accounts in the Performa prescribed under GFR-2017 (A copy enclosed) as per rule 238 of GFR 2017 should be furnished to ICMR within 12 months of closure of the financial year i.e. latest by March, 2022.

- (d) If the grant or any part thereof is not utilized for the purpose for which it is paid, it shall be returned to ICMR immediately.
 - (e) The institution should maintain a register in Form GFR-19 of the payment and semi-permanent assets acquired wholly or mainly out of Government grants and a copy thereof furnished to ICMR.
 - (f) The list of assets acquired by the Institute shall be made available for scrutiny by the Auditor.
 - (g) Institutions should ensure that the institution/grantee verify that they have not obtained or applied for grants for the same purpose or activity from any other Ministry or Department of the Government of India or State Governments.
 - (h) ICMR shall announce/monitor specific quantified and qualitative targets likely to be attained against the grant to the grantee. ICMR shall ensure that the likely targets prescribed were in fact achieved.
 - (i) After completion of the project/ activity the ownership of the physical and intellectual assets created or acquired out of the funds granted shall vest with DHR and decision on the assets required shall be taken by the Department which shall be binding.
 - (j) The ICMR shall ensure that principles and procedures laid down in the Rule 230 of the GFR are followed while releasing the funds. A bond as prescribed in Rule 230(6) (ix) where-ever required should be obtained by the ICMR before release of funds.
 - (k) This circular on the VADM is already on the PFMS portal. Hence, the funds may please be released to ICMR.
 - (l) Beneficiary institutions should be notified by the beneficiary Institution so that the same could be verified on the PFMS portal of PFMS, with strict compliance. If it is not done, next grant addition may not be sent to such beneficiary Institution.
4. MIVRDIs will have to submit 10 copies of annual progress reports (on completion of 10 months) to ICMR for review by the Expert Group. Next installment of grant will be released only after approval of the annual report by the ICMR Expert Group.

Notification

With reference to call for Expression of Interest for participation in the Indian Clinical Trial & Education Network (INTENT) dated 22.09.2021, the applications received were reviewed by a screening committee, consisting of external experts. The institutes were selected under the following subheads:

1. Advanced Centre for Clinical Trial (ACCT)
2. Regional Clinical Trial Unit (RCTU)
3. ICMR-Centre for Clinical Trial (ICCT)
4. Specialty Centre for Clinical Trial (SCCT)
5. Knowledge Partner for Clinical Trial (KPCT)

The Institutes/Centres selected to be a part of the INTENT are tabulated below. The details of the network, along with the Terms of Reference (ToR) will be shared with the centres individually.

- 8.2 ICMR shall provide funding to King George's Medical University for recurring expenses as incurred in human resource engagement etc. for the national COVID -19 clinical registry under this Agreement and in amounts up to those outlined in the Budget. **No budget will be provided for purchase of any equipment or devices to be used during the study. The treatment of the registered participants including admission charges, ICU charges if needed, medicines and any other unforeseen requirement along with treatment of complications will NOT be met by ICMR. Also ICMR will not be responsible for any compensation directly or indirectly if death or disability**

of any study subjects occurs including risk cover to the health workers involved.

King George's Medical University shall deposit and maintain all funds received from ICMR as per current ICMR guidelines as amended from time-to-time. Within thirty (30) days following the termination or expiration of this Agreement, **King George's Medical University** shall return to ICMR any unspent funds.

King George's Medical University shall prepare and submit, or shall ensure that a qualified member from the registry project team prepares and submits, written Financial Reports to ICMR listing budgeted costs and expenses incurred on a quarterly basis. All Financial Reports shall be submitted after certification by Investigator as well as dean as accurate with institutional stamp. Financial Reports will disclose all funds received together with the actual direct, external costs and expenses incurred for the COVID Clinical registry for which ICMR is responsible in accordance with this Agreement. After receipt and review of any Financial Report ICMR may, in its reasonable discretion, request to provide substantiating documentation or additional information, shall provide within thirty (30) days of receipt of such a request.

The research collaboration agreement with the registry site may be terminated under circumstances where the site fails to enroll 30 subjects or more consecutively for a period of two months. Under such circumstances the sites PI will have to return the balance amount to the ICMR.

8.3 Human Resource

a- **ICMR shall fix the nomenclature of the post and the consolidated salary attached to the same and release the funds on six monthly basis, subject to the performance. The staff shall be engaged by the institute as per the prescribed norms/rules of respective Institution. The engagement of all the staff shall be initially for one year or till the project is closed whichever is earlier.**

8.3 Site enrolling significantly more number of subjects may submit a written claim with justified reasons for additional human resource. After due approval from steering committee or committee identified by it additional HR may be hired.

ARTICLE 9-TERM, TERMINATION OF AGREEMENT

Agreement Term. This Agreement will commence on the Effective Date and will expire after 1 year. Prior to termination King George's Medical University will have to submit the performance and financial Report to ICMR as per ICMR Format however, that this Agreement may terminate sooner as provided in this Article 9.

9.1 Termination for Inadequate Funding. ICMR may terminate this Agreement with thirty (30) days written notice to King George's Medical University in the event that inadequate funding is available for the COVID Clinical Registry, as determined by ICMR, at their sole discretion.

9.2 Termination for Efficacy and Other Matters - Any Party may terminate this Agreement with thirty (30) days written notice to the other Parties, in the event of failure, despite good faith efforts, to obtain approval to proceed with the COVID Clinical Registry from all reviewing IRBs/IECS within one (1) months of submission to the last such IRB; the failure of funding for the COVID Clinical Registry to be made available for any reason; or termination of the COVID Clinical Registry pursuant to Applicable Laws and requirements; or In the event of a termination of the COVID Clinical Registry pursuant to this present Section, the Parties will undertake those obligations to terminate the COVID Clinical Registry as required under the Applicable Laws and Requirements and this Agreement. Financial responsibilities in the event of such termination shall be undertaken by the Parties in a manner that conforms to the obligation of termination but does not result in any one Party bearing the full financial impact of such termination.

9.3 Termination for Material Breach: If a Party materially breaches or neglects to perform its covenants, obligations, representations or warranties as outlined in this Agreement, and if such default is not cured within thirty (30) days after receiving written notice from another Party with respect to such default, ICMR will have the right to terminate this Agreement by giving an additional written notice of termination to all other Parties. Such notice of termination shall be effective upon receipt, but only if (i) the Party in default receives it within thirty (30) days of the written notice of default (or such longer period as the defaulting Party may mutually agree upon in writing), and (ii) the Party in default has not remedied the default before its receipt of the notice of termination.

9.4 Termination upon Mutual Agreement of the Parties: In addition to the foregoing, this Agreement may be terminated upon the mutual written agreement of the Parties.

ARTICLE 10- CONFIDENTIALITY

- 10.1. Ownership: Confidential Information of a Party and all tangible expressions, in any media, of a Party's Confidential Information is the sole property of such Party. Clinical Information created by Investigator or Project Staff in connection with the COVID Clinical registry (except for any subject's medical records) and cumulative Clinical Information, and reports from the Trial Site shall be the property of ICMR.
- 10.2. Restrictions on Use: Subject to the rights and obligations outlined in Article 10 and Section 5 the Party receiving Confidential Information shall:
- 10.2.1. use the received Confidential Information only to the extent necessary to carry out the COVID Clinical registry.
- 10.2.2. safeguard the received Confidential Information with at least the same standard of care that such Party uses to safeguard its own confidential information, and in any event with not less than reasonable care; and
- 10.2.3. not disclose the received Confidential Information to third parties
- 10.3. Subject Medical Information: Medical information may be disclosed solely as necessary for the appropriate medical care of such study participants.

10.4 Force Majeure

It is clearly understood that in the event of any circumstance like flood, earthquake, fire, civil disturbances, tempest or any other acts of GOD beyond control of either of the parties, they shall be relieved of their mutual obligations under these circumstances during such period.

ARTICLE 11- PRESS RELEASE AND PUBLICATIONS .

11.1 Press Releases: If a Party wishes to issue a press release or other public announcement (collectively, "Press Release") regarding this Agreement, COVID Clinical registry, or the termination of or other information related to the COVID Clinical registry, such Party will submit the intended Press Release to the designated officials of such other Parties for review at least thirty (30) days in advance of the date of the intended release. In the event a Party does not approve the intended Press Release in writing, the non-approving Party(ies) shall discuss in good faith modifications to the Press Release with the Party proposing the Press Release, but the Investigators shall not release a Press Release without the prior written approval of ICMR, such approval not to be unreasonably withheld or delayed. The requirements of this Section 11.1 shall not apply to the extent that a Party is required to disclose information by Applicable Laws and Requirements or order of a governmental agency or a court of competent jurisdiction; provided, however, that the Party required to make such disclosure will (i) provide prior written notice thereof to such other Parties, (ii) consult in good faith with such other Parties with respect to such disclosure, and (iii) provide such other Parties sufficient opportunity to, and cooperate with any reasonable request of such other Parties to object to any such disclosure or request confidential treatment thereof.

11.2 Investigator Publications; Publications by the Parties: The Parties shall undertake to make or coordinate a joint publication or presentation of the COVID Clinical registry ("Joint Publication"). And such Joint Publication shall comply with the obligations of ICMJE (International Committee of Medical Journal Editors), including matters of authorship. Any decision to make or coordinate a Joint Publication or presentation of the COVID Clinical registry results shall be discussed and agreed by the Parties before implementing the same, and the content of such Joint Publication shall be reviewed and agreed by all the Parties.

11.3 License to Investigator Publications: ICMR shall have a royalty-free, nonexclusive, and

irrevocable license to reproduce, translate, display, publish, use, and distribute Investigator publications and to authorize others to do so.

✽

The parties acknowledge that they have read this sub-agreement, understood it, and agree to be bound by its terms. The parties further agree that this sub-agreement, together with all of the referenced and incorporated attachments, is the entire agreement between the parties and that it supersedes all prior agreements, written or oral, relating to the subject matter of this sub-agreement.

Subject: Launch of Clinical Centres of Excellence program - First Webinar on July 10, 2020

Dear Colleagues,

Congratulations on being appointed as the Centre of Excellence (CoE) for COVID case management in your State/UT.

Further to MoHFW, GoI letter dated June 9th, we are glad to announce the commencement of the Clinical Centres of Excellence program across India. The clinical excellence hub would facilitate interactions between doctors to:-

- Develop insights on understanding the patho-physiology of the virus
- Improve quality of clinical care for COVID patients to reduce case fatality
- Disseminate best-in-class clinical guidance and support to dedicated COVID facilities

A key component of the program involves the conduct of weekly interactive sessions through a video conference, led by team of doctors from AIIMS, New Delhi. These sessions will be hosted MoHFW where clinical concerns raised by doctors from the clinical excellence hub, along with a deep-dive on specific topics for clinical management of COVID cases would be discussed.

Launch of clinical excellence hub – 1st weekly webinar

Sub: Amendment in the MoA signed for the Establishing of MRU at King George Medical University, Lucknow. Uttar Pradesh.

Sir,

I am directed to say that establishment of MRU in King George Medical University, Lucknow. Uttar Pradesh was approved in 2014-15. 1st instalment of Rs. 1.25Crore (Rs. 1.00 Crore for Equipment and Rs. 0.25 Crore for Civil Work) was released during 2015-16 and Rs. 2,26,70,924/- (Rs. 2.00 Crore for Equipment, Rs. 11,70,924 for Staffing and Rs. 15.00 lakh for Contingency) was released during the year 2017-18 for establishment of MRU.

As per Scheme guidelines conceptualized during 12th plan, a tripartite MoA was signed between the State Government, Medical College and Department of Health Research for the establishment of MRU in King George Medical University, Lucknow. Uttar Pradesh. The scheme inters -alia prescribed the funding norms for various component of the project under the MRU scheme. The scheme has been approved for continuation by the SFC till 2019-20 i.e to be co-terminus with the period of 14th Finance commission. SFC while approving the continuation of the scheme up to 2019-20, also enhanced the allocation of fund under the head "Recurring Expenditure" to Rs. 47.44 lakh (Rs.25.20 lakh for Salary & Rs. 22.24 lakh for Contingency) from 34.00 lakh. It has therefore become necessary to make requisite amendment in para 4 of the MoA. The amendment in the MoA is enclosed (Annexure-A) and the same needs to be consented by the State Government and the Medical College.

In view of the above, it is advised that the consent, in original, be communicated to this department by 25.06.18 for further necessary action.

This may be accorded priority.

URGENT.

FEDERAL CONTRACT FUNDS ID: HDTRA12010026

DUNS NUMBER: 916341553

AGREEMENT AMOUNT: 108,232.62 US\$

This Grant Agreement (the "agreement") is by and between EcoHealth Alliance, a United States tax-exempt organization, located at 520 8th Avenue, New York, 10018, and King George's Medical University, a non-US Non-Governmental Organization.

An authorized representative of EcoHealth Alliance has executed the original version of this agreement. Please sign the digital copy and return it via email. If EcoHealth Alliance does not receive a signed copy (digital or print) within thirty (30) days of mailing, this agreement may be revoked. This agreement shall be effective only upon the receipt of the subrecipient's signed contract by EcoHealth Alliance. Now therefore, EHA and the subrecipient mutually agree as follows:

I. TERM AND AMOUNT OF THE GRANT

Subject to the continued availability of funding for this project, the term of this Agreement shall be the award period stated on page 1 (the "Term"), renewable for an additional term solely by written agreement between the subrecipient and EcoHealth Alliance.

The amount of the award as indicated on the preceding page and detailed in Attachment B is to be disbursed following receipt of a signed, detailed invoice(s) indicating hours, rate(s), and date(s) worked, or locations and dates for travel and all other details as elaborated in the Financial Responsibilities section below. All deliverables and project details are elaborated in Attachment A.

II. CONDITIONS OF THE GRANT

these representations and certifications and that, on request, the subrecipient will provide documentation of the monitoring and oversight of these efforts.

Notwithstanding any term to the contrary, EcoHealth Alliance may terminate or suspend any part of this agreement immediately if it determines that the subrecipient fails to comply with the conditions stated in this paragraph.

III. USE OF FUNDS

The award monies, including any interest earned, may only be used for the purpose(s) stated in this agreement, as contained in the approved budget in Attachment B, and in the scope of work defined in Attachment A.

Funds may not be expended for any other purpose without the prior written approval of EcoHealth Alliance. Should there be a material change in the purpose, character, or method of operation of the project, the subrecipient agrees to give prompt and detailed written notice to EcoHealth Alliance. The subaward project shall be performed to EcoHealth Alliance's satisfaction as determined by EcoHealth Alliance.

The subrecipient will notify EcoHealth Alliance prior to purchase of any VAT or other taxes, exceeding \$500.00 per transaction with a "transaction" defined as a single purchase by the subrecipient and transactions may not be deliberately split in order to avoid compliance with the \$500.00 limit. Written approval with documentation from EcoHealth Alliance is required for any purchase exceeding VAT of \$500.00 per transaction. The subrecipient understands that in the event that EcoHealth Alliance is unable to approve the use of funds for VAT or other taxes exceeding \$500.00 per transaction, the purchase of applicable items may not proceed.

IV. NATURE OF RELATIONSHIP

The parties hereto intend by this agreement solely to specify the terms for the subrecipient's use of EcoHealth Alliance grant funds. Nothing in this agreement shall be construed as creating or constituting the relationship of employer and employee between EcoHealth Alliance and the subrecipient or grantee or the continuation of funding from EcoHealth Alliance. During the course of completing the grant project work, the subrecipient remains a distinct and separate legal entity from that of EcoHealth Alliance and shall not, under any circumstances, be considered an agent of EcoHealth Alliance.

The subrecipient agrees to conform to the laws and regulations of the location in which they operate and obtain all required permits and agreements and insurance required by local authorities. They also agree to pay all fees and taxes levied on this project by applicable political authorities or designated subdivisions.

V. PHOTOGRAPHS AND VIDEO

EcoHealth Alliance retains the rights to all recorded media (photos, video, audio) recorded by the subrecipient as related to this project.

VI. PUBLICATION REVIEW

At least 30 days prior to the publication of any written work – digital or print – made possible by this EcoHealth Alliance subaward or involving data or information gained directly in whole or in part from research or activity conducted under this subaward, a copy of such work must be sent to EcoHealth Alliance for prepublication review and recommendations for revision by EcoHealth Alliance. Such review shall not be unreasonably

withheld. All work generated under this agreement must recognize EcoHealth Alliance in the acknowledgements.

VII. EVALUATION OF THE AGREEMENT

At its own expense, EcoHealth Alliance may monitor and conduct an evaluation of operations under this subaward agreement. Evaluation may include visits to the subrecipient by representatives of EcoHealth Alliance in order to observe and discuss the funded project.

VIII. DISBURSEMENT OF FUNDS

Unless otherwise stated below, grant funds shall be disbursed by EcoHealth Alliance based on the following criteria:

1. The subrecipient shall submit a valid invoice to EcoHealth Alliance indicating the services performed and the expenses incurred, as well as the time period covered by the invoice. The subrecipient should attach all supporting documentation needed to substantiate expenses.
2. The subrecipient must sign the invoice as certification that the services rendered and all expenses incurred have been pursuant to the scope of service contained in this agreement.
3. EcoHealth Alliance will invoice the funding source for the value of the invoice and remit the funds in a timely manner.
4. EcoHealth Alliance reserves the right to delay payment of any funds due to insufficient documentation submitted by the subrecipient.
5. The subrecipient acknowledges that all invoices must be submitted to EcoHealth Alliance within forty-five days of the end of the subaward. Invoices submitted after these periods will not be invoiced by the funding source and will not be paid to the subrecipient.

Unless otherwise directed, EcoHealth Alliance shall remit US funds transfer to a bank account. The legal name of the subrecipient, who must be the sole owner of the account, must appear on the account. Grant funds will not be wired into the personal account of any officer, director, agent, or employee of the subrecipient.

The subrecipient shall provide the following banking information to EcoHealth Alliance:

Name of bank: Allahabad Bank
Bank Address: KGMC Branch, King George's Medical University Campus, Lucknow, 226003
Account Name: Foreign Contribution KGMU Lucknow
Account Number: 50037486245
Account type: savings account
Swift Code (if non-US): ALLAINBBLUK
Branch Code: ALLA0211028

IX. SUBRECIPIENT'S FINANCIAL RESPONSIBILITIES

As applicable, the subrecipient agrees to adhere to all requirements contained in 2 CFR 200 (Uniform Administrative requirements, Cost Principles, and Audit Requirements for Federal Awards) during the term of the agreement. The subrecipient acknowledges responsibility for 2 CFR 200 Subpart F Federal Audit requirements for funds received under this agreement and all other federal agreements should they exceed a total of US \$750,000 and will provide EcoHealth Alliance a copy of their most current 2 CFR 200 Subpart F

or similar audit report as may be provided. The subrecipient agrees that all overhead charged to this grant shall not exceed the amount permitted by the federal indirect cost rate in effect during the performance period (10% in the absence of a US federally negotiated rate). The subrecipient will provide EcoHealth Alliance a copy of their most current indirect cost rate agreement if not using the 10% de minimus.

The subrecipient agrees to keep systematic records of all expenditures relating to this agreement. A quarterly financial report may be required along with the required signed invoice for services in order for the subrecipient to be reimbursed for expenses. Documentation of expenses, consisting of bills, invoices, receipts, log books (acceptable only for gasoline for cars and boats), etc., must be retained by the subrecipient for five (5) years after the close of the agreement period, and must be available for inspection by representatives of EcoHealth Alliance at any time during this period. EcoHealth Alliance may, at its own expense, examine, audit, or have audited the records of the subrecipient insofar as they relate to activities supported by this agreement.

Subrecipient financial records must be itemized in the following categories, as applicable:

1. Salary or stipend – detailed by person, rate, date, and amount
2. Field or Laboratory supplies – an original or copy (when original is not available) of all receipts or purchase orders must be provided with detailed and regular financial reports for all field equipment items.
3. Purchased services (e.g., field asst., boat hire) – detailed at the level of numbers 1 & 2, above. Detailed logbooks (including dates, times, and signatures) are acceptable when signed by both subrecipient and EHA or responsible party.
4. Vehicle associated costs – mileage to be indicated along with any associated costs: driver, repairs, insurance, etc. Detailed logbooks (including dates, times, and signatures) are acceptable when signed by both subrecipient and EHA or responsible party.
5. Travel – trip cost indicating departure/arrival dates and air/car/train/boat costs along with all boarding passes and receipts including meals in transit.
6. Accommodation – location and amounts per person along with all lodging receipts.
7. Capital equipment – including the submission of three quotes prior to the purchase of such equipment as detailed below.

The subrecipient shall submit detailed invoices to EcoHealth Alliance detailing actual expenditures compared to the approved budget or subaward total. Invoices are subject to review and approval by EcoHealth Alliance's Principal Investigator and/or Director of Federal Grants and Programs, who shall certify that all expenses are in conformity with the award. The documentation that is submitted to support the invoice must be numbered to match the item on the invoice.

EcoHealth Alliance reserves the right to request documentation of all costs incurred as part of its normal practices in the use of federal funds. Upon the completion of this contract term the subrecipient shall submit a final report indicating the scope of work completed during the term and the funds used to complete it.

X. PURCHASE OF CAPITAL EQUIPMENT

All capital equipment (items valued over US \$5,000 and with a useful life of one year or more) purchased with award money remains the property of EcoHealth Alliance. The equipment shall be returned to EcoHealth Alliance at the end of the project unless EcoHealth Alliance agrees, in writing, to relinquish title to the equipment. The subrecipient agrees to use this equipment solely for the purposes of this project and to maintain it in proper working order.

For all such items, a completed Capital Equipment Inventory must be submitted to EcoHealth Alliance at the

conclusion of the project.

All equipment purchases over \$3,500 require the prior approval of EcoHealth Alliance.

A minimum of three quotes should be submitted to EcoHealth Alliance along with the request to purchase for items that cost more than \$3,500.

XI. UNUSED FUNDS

The subrecipient agrees to return to EcoHealth Alliance at the conclusion of the agreement period all award funds that have not been used to complete the project. The subrecipient may not use award funds after the end of the agreement period without the written consent of EcoHealth Alliance unless both subrecipient and EcoHealth Alliance agree to an extension of this agreement and both parties sign this in the form of an amendment.

XII. REVOCATION AND REVERSION

EcoHealth Alliance retains the right to terminate this Agreement for cause under such circumstances as the following:

1. The subrecipient makes material changes to the purpose, character, or method of operation of the project subject to this agreement;
2. The subrecipient is found to have made a material misrepresentation or misstatement in the agreement application or any required report;
3. The subrecipient has failed to perform any of the material terms of this agreement;
4. The subrecipient is found to have misappropriated funds awarded under this agreement; and
5. The subrecipient in the judgment of EcoHealth Alliance has misused EcoHealth Alliance's name or otherwise harmed the reputation of EcoHealth Alliance.

In the event of a termination for cause, EcoHealth Alliance may cancel all future installments under the agreement and require the subrecipient to repay all amounts misappropriated or otherwise related to the basis for the for-cause termination. EcoHealth Alliance in turn agrees to reimburse Universities Space Research Association (USRA) for all allowable and allocable (within the agreed budget) costs incurred prior to the notice of termination, to include any non-cancelable fees incurred up to such date of termination.

XIII. INSURANCE AND LIABILITY

By accepting the terms and conditions of this grant, the subrecipient also accepts full responsibility for any and all insurance needs, such as medical, vehicle, general professional liability, evacuation, etc. for themselves and all other project related personnel. By signing this agreement, the subrecipient relieves EcoHealth Alliance from any and all liability due to accident or injury, or any other claims which may result from any activities conducted by the subrecipient in relation to the grant project.

XIV. ADDITIONAL SUPPORT

In making this grant, EcoHealth Alliance assumes no obligation to provide other or additional support to the subrecipient.

XV. INDEMNIFICATION

The subrecipient and EcoHealth Alliance hereby mutually agreed to indemnify and hold each other, respectively, and each other's affiliates, officers, employees, successors and assigns, harmless from and against claims, demands, actions, proceedings, investigation and right of action, including reasonable attorneys' fees and costs, whether action is instituted or not and, if instituted, whether at any trial or appellate level, whether raised by the other party or a third party, arising from the intentional and/or negligent acts, errors or omissions of the subrecipient or EcoHealth Alliance.

XVI. CHOICE OF LAW

This agreement shall be governed by and construed in accordance with the laws of the State of New York of the United States of America.

XVII. PARTIAL INVALIDITY

If any term or provision of this agreement to any person or circumstance shall, to any extent, be invalid or unenforceable, the remainder of this agreement shall not be affected thereby and shall be valid and enforceable to the fullest extent permitted by law.

XVIII. MARKING AND PUBLIC COMMUNICATIONS

As a condition of receipt of this subaward, marking with the EcoHealth Alliance logo of a size and prominence equivalent to or greater than the subrecipient's, another donor's or third party's is required. In the event the recipient chooses not to require markings with its own identity or logo by the subrecipient, EHA may, at its discretion, require marking by the subrecipient with the EcoHealth Alliance logo. The EcoHealth Alliance logo shall be placed on all reusable equipment purchased using funds from this subcontract.

XIX. OTHER PROVISIONS

This agreement may not be transferred or assigned by either party without the prior written consent of the other, and any breach of this prohibition will deem the agreement null and void.

Both parties agree that either party may terminate this agreement with 30 days written notice to the other party.

Each party represents and warrants that this Agreement has been duly executed on its behalf by its authorized agent(s).

This agreement constitutes a single integrated contract expressing the entire agreement of the parties hereto. There are no other agreements, written or oral, express or implied, between the parties hereto, concerning the

The laws of the United States place certain restrictions on the use of funds awarded to organizations by government agencies, charitable trusts and foundations. Therefore, the subrecipient agrees to the following terms and conditions:

1. **Internal Revenue Code:** Funds awarded by EcoHealth Alliance may not be used for any forbidden political activities or for any purposes prohibited by the United States Internal Revenue Service Code.
2. **Foreign Corrupt Practices Act of 1977:** as amended: The subrecipient agrees to be bound by this act that prohibits individuals and entities from making payments to foreign government officials for the purposes of obtaining business. This includes the offer, either directly or indirectly, of anything of value, to a foreign government official to influence that official in his or her official capacity to do or omit any act in violation of their official capacity or lawful duty, or to secure any improper advantage in order to assist in obtaining or retaining business for or with, or directing business, to any person.

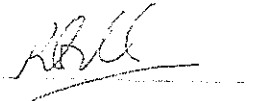

The subrecipient's directors, officers, employees and agents have not and will not offer, pay, promise or authorize the payment, directly or indirectly through any other person or entity, of any monies or anything of value to any governmental official, employee or any political party or candidate for political office, for the purpose of inducing or rewarding any favorable action or influencing any act or decision of such official or of the government.

Funds in this agreement may not be used to finance the travel, per diem, hotel expenses, meals, conference fees or other conference costs for any member of a foreign government's delegation to an international conference sponsored by a public international organization, except as otherwise agreed upon by EcoHealth Alliance and the subrecipient.

3. **Support for Acts of Terror:** The subrecipient or grantee certifies and represent that they will be bound by U.S. anti-terrorism legislation that prohibit having transactions with and providing material support or resources to individuals or groups that engage in or support acts of terror and that the subrecipient or does not engage in or support, directly or indirectly, acts of terror.
4. **Financial Conflict of Interest:** The subrecipient certifies and represents that no Significant Financial Conflict of Interest exists regarding their participation in this project that would influence their research. They furthermore agree that if such a conflict develops during the course of this project they will promptly notify and disclose that conflict in writing to the EHA Principal Investigator and the EHA Chief Financial Officer and may be required to develop a plan of corrective action to resolve that matter. This requirement shall extend to all individuals with managerial oversight of this grant including their spouse and dependent children.
5. **Federal Funding Accountability and Transparency Act:** The subrecipient agrees to provide EcoHealth Alliance with all information required by the above law including, if required, executive compensation data for publication on applicable U.S. government websites (complete Attachment A). The subrecipient shall obtain a unique DUNS number from Dun & Bradstreet and shall provide it to EcoHealth Alliance.
6. **Non-Discrimination Policy:** The subrecipient will follow a comprehensive, consistent, and non-discriminatory policy (<http://www.usaid.gov/press/usaid/disability>) to the extent it can accomplish this goal within the scope of the program objectives.

The subrecipient acknowledges that EcoHealth Alliance is implementing, and over the course of this agreement will continue to implement, reasonable monitoring and oversight to assure the continuing truth of

subject matter hereof, except the agreements set forth in this agreement. Any amendment to this agreement is effective only if set forth in writing and signed by both parties.

King George's Medical University

The foundation stone of King George's Medical College was laid by the Royal Highness, Prince of Wales, in 1906, during his second visit to India for his Coronation Durbar as King Emperor. His Majesty gave his consent to establish the institution and to designate it by his name. Since then, this institution has been a pariah for excellence in medical education, unparalleled medical ethics, groundbreaking research, and exceptional patient care.

KGMU (King George's Medical University) located in Northern India, is amongst the premier medical and research institutes of the country. Alumni of this University are working at many key positions as policy makers in many eminent Institutions in India. KGMU will share evidence from Cochrane results with various stakeholders and policy makers of India to imbibe advantage of translational research.

The university is having four streams namely Faculty of Medical Sciences, Dental Sciences, Nursing and Paramedical Sciences. The

faculties are running undergraduate, post graduate, super-speciality and postdoctoral programs in clinical medicine and allied disciplines. KGMU started its journey with a meagre 12 departments and now has grown to 58 departments with a bed strength of nearly 4500. There are fifteen medical and seven nursing colleges affiliated to the University. Notably, the University was ranked ninth in the year 2021 by NIRF, a ranking body of the Government of India constituted to rank the Universities of the country. KGMU is widely known to be the flagship medical institution of the state of Uttar Pradesh. The guidelines/SOP's formulated by KGMU are validated by the state government and followed by most of the medical colleges of the state.

KGMU's intramural funding program for generating evidence through systematic reviews started in the year 2019. Since then, the KGMU had adopted evidence-based medicine practice training for the budding health care providers from the undergraduate, post graduate, super-speciality and research trainees. The University has funded many faculty members to undergo training at the earlier Cochrane South Asia Centre at Vellore. The vision of the University has been to inculcate a robust practice of EBM among all healthcare providers. We are running EBM programs in the University through periodic organization of workshops on research methodology, systemic reviews and meta-analysis. Workshops are mandatory for all doctoral students of the University. Twenty-five workshops on evidence-based medicine, writing systematic reviews and meta-analysis have been organised in the last five years so far.

Our priority would be to disseminate the importance of evidence-based research and its importance in deriving significant outcomes of clinical studies to benefit and improving health system. Our approach would be to promote the participation of most of the medical colleges of the state of Uttar Pradesh and also the adjoining states like Madhya Pradesh, Bihar, Punjab, Jharkhand, West Bengal and north east states. The evidence generated through Cochrane should reach all the stakeholders which includes patients and healthcare providers; we will work in this direction to create an ecosystem of workflows of information for all.

The highest priority is to make healthcare providers in the region understand the importance of adopting evidence-based practice with integrity and transparency. Given the widespread use of unproven therapies, developing a culture of rationale thinking, referring to the Cochrane database and updating oneself regularly would be one of the most important takeaways of our Cochrane Centre.

We at KGMU would attempt to work on the following three aspects:

1. Developing a vibrant ecosystem to inculcate the practice of EBM among stakeholders and policy makers in the geographical areas.
2. Augmenting the EBM outreach to a broad-range of individuals and groups i.e. clinical, research, and non-governmental organizations through social media, open workshops and symposiums.
3. Extending the knowledge of evidence-based translational research in local language to the patients, general public and healthcare providers.

Masters in Health Professions Education
Department of Medical Education
King George's Medical University, UP, Lucknow

I. Preamble: Education in medicine and allied subjects has seen a paradigm shift. There is increased focus on student-centric education, promotion of skills development and fostering scholarly activities in the academicians and educators. Hence, there is a need to initiate a course in Masters in Health Professions Education (MHPE) through the newly created department of Medical Education. Medical Council of India also promotes such activities

This part-time 2 years MHPE program is an ideal programme for those wishing to further their career in academic clinical or medical/dental/allied education, who already have experience of delivering education for healthcare professionals. It will particularly appeal to those seeking leadership positions or to undertake independent high-quality research in clinical education. Our students are clinicians/dentists, academicians, nurses, physiotherapists and the like possessing at least a graduate degree. They will be exposed to debates on issues and trends in higher education, learn the principles of teaching strategy, analyze professional health curricula and conceptualize the values and ethical systems of the health professional.

II. Goals: The goals of the Program are to:

- Provide the tools and guidance to enable faculty to advance their scholarly careers in medical/dental/allied education
- Deepen the scholarly commitment of KGMU faculty to the educational research areas:
 - Clinical teaching
 - Curriculum development outcomes
 - Teaching and curriculum in patient care
 - Innovating assessment approaches
 - Integration of basic and clinical sciences
 - Portfolios
 - Professionalism and ethics
 - Reflection

- III. Eligibility to be Course Instructors:** Advanced Course in medical education like FIME, MPHE, FAIMER, PhD (Medical Education)
- IV. Eligibility to enroll in program:** Teaching faculty of medical/dental/Nursing/allied sciences. Since this is in Campus Course, no leave will be required by KGMU faculty. Course is open for out campus faculty too.
- V. (a). Selection of candidates:** Maximum of 30 and minimum of 5 students. Admission will be based on the basis of Entrance Test conducted by Controller of Examination.
- V. (b).** The 15 seats (50% of total) will reserved for faculty from King George's Medical University, Lucknow. It will be allotted as follows:-
- i. 5-Assistant Professor
 - ii. 5-Associate Professor
 - iii. 5-Additional Professor/Professor
- V. (c).** If there are less applicants in any category faculty from other category can be taken.
- V. (d).** If total applications are >15 selection preference may be done as follows:-
- i. Longest duration of service in King George's Medical University, Lucknow
 - ii. Older in age
 - iii. Highest number of publications in indexed peer reviewed journals (Pubmed/Scopus).
- VI. Duration:** This will be a part-time, 4-semester course (6 months each). There will be 6 hours contact sessions each month (total 24 hours/semester) and at least twice the number of hours of self-directed learning.
- VII. Course type:** Part time, onsite course. Dissertation under a course guide will be done from the 1st semester. Each candidate will have to participate in national one conference/Workshop/Seminar on Health Professions Education and conduct one such in KGMU with the assistance of other colleagues.
- VIII. Attendance:** 75% of classes and 100% of the course activities including internal assessments.

Subject: MD-Ph.D Programme at CSM Medical University U.P. (Formerly King George's
Medical University), Lucknow.

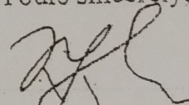

Madam,

Kindly refer to your letter No.439/R.Cell-12 dated 22.2.2012 regarding issuance of No
Objection Certificate to allow the CSMMU UP for providing the experience certificate to the
MD-Ph.D. students, at par with senior resident for the clinical work and teaching done along
with Ph.D course work. Since, the students are already M.D. and doing their Ph.D and getting
fellowship of senior resident's salary, therefore, ICMR has no objection to issue the NOC to the
students enrolled under MD-Ph.D Programme after certificate of work and conduct by their
respective Head of Department.

This issues with the approval of DG, ICMR.

With regards,

Yours sincerely,

(K. K. SINGH)

U.P.K.G.U.D.S. |
| 13. | Sri S.D. Maurya, Finance Officer | In charge Registrar (Secretary) |

The Vice-Chancellor welcomed all the members.

- Item No.1. The Council confirmed the minutes of the meeting of Ex. Council held on 17th May 2005 with the following modifications :-

Annex

17-05-2005

- Item No. 7 The Council considered the application of Dr. Muneet Sharma for granting leave with full pay, as he will get only honorarium in B.P. Koirala, Institute of Health Sciences, Dharan, Nepal. Since the amount of honorarium offered was more than the pay he is getting in this University, the Executive Council approved to grant him leave without pay.
- Item No. 8 The Council rejected the proposal of extension of service of Sri Sidhnath Srivastava and Sri B.M. Sharma on fixed pay on contractual basis.
- Item No. 9 The Council approved the proposal of starting MD-PhD program [ICMR Scheme] at this University from this Academic Year. However this should be done in consultation with the MCI, ICMR and govt. of UP, not violating any of the existing norms of MD Course at this University. An equal opportunity should be given to all faculty members to Guide MD-PhD work. However the selection of Guides and candidates will be on merit through independent and transparent process. Since MD-PhD program has a strong research component this will be coordinated through Research Cell like ongoing PhD program.
- Item No. 10 The Council passed the Budget of this University for the Year 2005-06.
- Item No. 11 In any other item the Executive Council desired that a proposal for the establishment of independent department of Dermatology be prepared to be sent to the Government for approval.
