

## REPORT

Our Vice Chancellor sir advised us to help those needed people from the family of King George Medical University , Lucknow.

Under the able guidance of Hon'ble Vice Chancellor, KGMU Dr Arunesh kumar Tiwari as a faculty incharge arranged a team of Doctor and went to Gorakhpur on 25th August 2017, where the surrounding area of Gorakhpur was flooded badly and people were stuck in very remote area where food and medical services were not ample and they need more and more medical services and medicine along with food.

The 8-10 medical and dental camp were organised in flooded area nearby Gorakhpur and around 500 to 800 needful patients were seen and medication advised and medicine provided . We had provided the food material also.
