## CONGRATULATIONS!

Dear Dr. Chandra,

The American College of Surgeons' Board of Regents has **approved** your application for Fellowship. Welcome to ACS Fellowship and congratulations on achieving this monumental milestone!

You are currently an **Initiate** and will become a **Fellow** of the American College of Surgeons during the virtual Convocation Ceremony on Sunday, October 4, 2020. Details about the virtual Convocation Ceremony will be sent in the coming weeks, along with information regarding the session's login and Initiate involvement.

A virtual Convocation and Clinical Congress will ensure broad participation for all those who want to attend, especially individuals whose institutions have travel bans in place throughout the fall. Shifting to a virtual event was not an easy decision for the College to make, however your health, safety, and welfare are of the utmost importance to us.

Your attendance at Convocation is encouraged but is not mandatory. Fellowship will be conferred in absentia on all Initiates who are unable to attend the Ceremony.

Note:

You **may not use** the FACS designation until after the Convocation Ceremony on October 4.

2020 Clinical Congress:

As an exclusively virtual event, the 2020 Clinical Congress will be held on the originally planned dates, October 4-8. Registration information will be sent separately.

Initiate Resources:

Please visit the Initiate webpage (embedded link) for additional information and updates regarding the Convocation Ceremony, as well as answers for other questions you may have.

TO WHOM IT MAY CONCERN:

CERTIFICATE OF ATTENDANCE - DR. AKSHAY ANAND

I hereby confirm that Dr. Akshay Anand has attended the Department of General Surgery II, San Matteo Hospital and University of Pavia, from 19<sup>th</sup> to 30<sup>th</sup> of June 2017.

During the time spent in my unit he was involved in ward rounds, where he cooperated with surgical residents in the daily clinical activities, and operating sessions.

In theatre he observed many abdominal operations, mostly performed via minimally-invasive technique, both laparoscopic and robotic.

He assisted laparoscopic low anterior resections for rectal cancer, left and right hemicolectomies with intracorporeal anastomosis, bariatric procedures including RYGBP and sleeve gastrectomies.

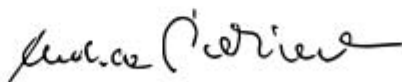

In addition to these advanced laparoscopic procedures, he observed many robotic surgeries, such as cardiomyotomy for achalasia, nephron-sparing surgery for renal tumor, living donor nephrectomy for transplant.

He has shown a considerable aptitude for surgery, which has made it a pleasure to accommodate this young surgeon.

Please do not hesitate to get in touch with me if you require any more information about Dr. Akshay Anand's stay in Pavia.

Yours sincerely,
