

Safe handling and cleaning of soiled linen

- 1. Wear PPE before taking out dirty linen.**
- 2. Do not shake the linen.**
3. Carry soiled linen in covered containers or yellow colour plastic bags to prevent spills and splashes, and confine the soiled linen to designated areas (interim storage area) until transported to the laundry.
4. These bags must be labelled with a sign of Corona Ward.
- 5. *Wash hands with soap and water after discarding PPE.***
