Annual Report of UED, Horticulture and social outreach 18th July 2019

A presentation on the achievement of university environment department was done by Prof. Kirti Srivastava on 18th July 2019. Following suggestions were given by IQAC to improve.

- Proposal Should go to govt. to strengthen University Environment Department and to Create manpower
- Officer category person with expertise.
- College faculty can be advisors.
- Barriers at government level- may be they don't consider its importance- So Should pursued.
- Process- Create GO for establishment of dept.
- Earning from west should be utilized for manpower – UED can ask from VC Office.
- Permanent manpower need was emphasized.
- Inspection from external agency was suggested by VC Sir to assess deficiencies & look for ways for sustenance.
- Affiliated colleges can be mentioned for BMW facilities.
- UED said that they had initiated efforts to develop Center of Excellence.
- Cattle traps have been developed.
- Walking pathway.
- Problem of monkeys in solar plants was discussed and it was decided to report the matter to Registrar who can report the same to UPRNN.
- Diversion of steam generated
- Replace all thermometer containing Mercury. Mercury to be remove from all dental procedures

- Custodial cleaning of some buildings has started.*Tender is on work basis & not manpower.
- Supervisors of the agencies can be contacted.
- A centralized place for used steel plates.
- Internal audit of kitchen to be reported.
- Pest control of India be called for whole evaluation of University Pest related problems which should include termite control, mosquito and others pest related control.
- Water logging is big problem ultimately leads to growth of mosquitos.
- For effective pest control civil department to be motivated.
- All inter/students should declared their vaccination status and check Ig status. It can be done during the time of their admission, student welfare funds of Rs. 1000/- be taken from every student. This can be done for all faculty members.
- Contractual employees- agency should be responsible.
- Vaccinations status – to be submitted by all Quality Managers.
- Can be linked to their leaves sanctioning.
- Areas has been defined for parking for employee.
