Dr Rishi Sethi, Dean Innovation, presented in details some selected practices such as use of technology and advanced computing in delivery of health care and research, unimaginable journey of microbiology department in covid-19 pandemic era, environment friendly measures adopted by KGMU (Decreasing Carbon Footprint) for selecting for SSR.

Dr Sandeep Kumar, emphasized again upon reducing the tertiary delay in clinical care. Dr Uma Singh, appreciated the role of NAAC in developing a introspection culture and expressed satisfaction for initiating feedback system. Dr Madhumati Goel, suggested some practices like punctuality and productivity should be inculcated in the culture of our university. Dr Sanjeev Mishra, suggested that covid combat by microbiology department must go ahead for SSR. He stressed that quality is responsibility of all stakeholders and needs handholding by those who are at good something.

He gave the example of Pediatric cardiology. He again focused the issue of strengthening the assessment system by developing robust formative assessment processes.

Dr Anita Rani, shared the recent concept of electives and its framework introduced in the CBME curriculum 2019 and emphasized that it is very much feasible in all courses to begin electives and choices partially, a requirement by NAAC.
