

Press Release

The Department of Orthosroloagology KGMU organised the “Late Prof R.N Mishra memorial KGMU. The Speaker was Mrs. Jaspal Chaudhary from Cochlear implant company based at Mumbai she presented her talk on “Neurological emergency in audio verbal therapy”. The invited guest Prof S.C. Mishra (Ex HOD), Prof G.K. Shukla (Ex HOD), Dr. Puspa Bhatra & Prof Beena Sharma (Ex HOD Paediatrics). The function was chaired by Hon’ble V.C. Prof. MLB Bhatt.

The necrotic of early intervention in deaf mute patients was stressel upon. In addition, the importance of audio verbal Therapy in postoperative management of cochlear implanters was discard. A recent study by the department funded through WHO has estimated a prevalence of hearing impairment to the time of 10-15%. Considering this high rate was stressed that efforts may be initiated for the promotion of headnote screening program that is already running in the department along with encouraging the prospered patient to utilise the govt support to procure a free cochlear implant. The latest facility is provided through the centre govt (via ADIP scheme) as well as through the U.P state govt (via Sharavan Shakti ShashtiKaran Abhiyan.)
