# Soft Skill Programme

KGMU, Faculty of Paramedical Sciences U.P., Lucknow

# Message by Dean

- Paramedical students are directly dealing with patients and their attendants since beginning of their teaching and training process.
- Need of soft skill training to these students was felt so that they can better interact with patients & public. Moreover they need to know virtues of good leadership and should be able to work in team. They must not be disheartened from failures but should take it as learning step.
- Keeping all above facts in mind, soft skill training videos are made so that students should be able to perform the best of their efficiency and be acceptable to society through their good professional behaviour and Ethics.

# Guest Lecture

Speaker: B.K. Sister Shivani
