1.5 Academic Programmes

The University offers both short-term and long-term programmes leading to Certificates, Diplomas, Advanced diplomas, Associate Degree and Degrees which are conventional as well as innovative. Most of these programmes have been developed after an initial survey of the demand for such programmes. These are launched with a view to fulfil the learner's needs for:

- Certification
- Improvement of skills
- Acquisition of professional qualifications
- Continuing education and professional development at work place
- Self-enrichment
- Diversification and updation of knowledge and
- Empowerment

1.6 Course Preparation

Learning material is specially prepared by teams of experts drawn from different Universities and specialized Institutions in the area as well as by in-house faculty. This material is scrutinized by the content experts, supervised by the instructors/unit designers and edited by the language experts at IGNOU before they are finally sent for printing. Similarly, audio and video programmes are produced in consultation with the course writers, in-house faculty and producers. The material is previewed and reviewed by the faculty as well as outside media experts and edited/modified, wherever necessary, before they are finally dispatched to the Programme Study Centres and Telecast through Gyan Darshan.

1.7 Credit System

The University follows the 'Credit System' for most of its programmes. Each credit in our system is equivalent to 30 hours of student study comprising all learning activities (i.e. reading and comprehending the print material, listening to audio, watching video, attending counselling sessions, teleconference and writing assignment responses). Thus, a 4-credit course involves 120 hours of study. This helps the learner to know the academic efforts he/she has to put in to successfully complete a course. Completion of an academic programme (Degree or Diploma) requires successful completion of the assignments, practicals, projects and the term-end examination of each course in a programme.

1.8 Support Services

In order to provide individualized support to its learners, the University has a large number of Study Centres, spread throughout the country. These Study Centres are coordinated by 67 Regional Centres. At the Study Centres, the learners interact with the Academic Counsellors and other learners, refer to books

in the Library, watch/listen to video/audio programmes and interact with the Coordinator on administrative and academic matters. The list of Regional Centres and Study Centres is given in this programme guide. Support services are also provided through Work Centres, Programme Study Centres, Skill Development Centres and Special Study Centres.

1.9 Programme Delivery

The methodology of instruction in this University is different from that of the conventional Universities. The Open University system is more learner-oriented and the learner is an active participant in the pedagogical (teaching and learning) process. Most of the instructions are imparted through distance education methodology and face-to-face mode as per the requirement.

The University follows a multimedia approach for instruction, which comprises:

- a) **Self Instructional Written Material:** The printed study material (written in self instructional style) for both theory and practical components of the programmes is supplied to the learners for every course (on an average 1 block per credit). A block which comes in the form of a booklet usually comprises 3 to 5 units.
- b) **Audio-Visual Material Aids:** The learning package contains audio and video cassettes which have been produced by the University for better clarification and enhancement of understanding of the course material given to the learner. A video programme is normally of 25-30 minutes duration. The video cassettes are screened at the study centres during specific sessions which are duly notified for the benefit of the learners.

The video programmes are telecasted on National Network of Doordarshan and Gyan Darshan. All Gyan Vani stations are broadcasting curriculum based audio programmes. Some of the selected stations of All India Radio are also broadcasting the audio programmes. Learners can confirm the dates for the programmes from their study centres. The information is also provided through the National Newspapers, IGNOU Newsletters sent to the learners periodically and university website.

- c) **Counseling Sessions:** Normally Counseling sessions for theory are held as per schedule drawn by the Programme Study Centres. These are mostly held outside the regular working hours of the host institutions where the study centres are located.
- d) **Teleconferences:** Live sessions are conducted via satellite through interactive Gyan Darshan Channel as well as simultaneously telecasted on Edusat channel from the University studios at Electronic Media Processing Centre (EMPC), the schedule of which is made available at the Programme Study Centres.
- e) **Practicals/Project Work:** Some Programmes have practical components also. Practical are held at designated institutions for which schedule is provided by the Programme Study Centres. 90% attendance for practicals is compulsory which are conducted in the specialized fields in hospitals and community under the supervision of Academic Counsellors/ Clinical Supervisors for the programme.

1.10 Evaluation System

The system of evaluation in IGNOU is also different from that of conventional universities. IGNOU has a multitier system of evaluation as follows:

- 1) Self-assessment exercises within each unit of study
- 2) Continuous evaluation mainly through assignments which are tutor-marked, practical assignments and seminar/workshops/extended contact programmes.
- 3) Term-End-Examinations
- 4) Project Work

The evaluation of learners depends upon various instructional activities undertaken by them. A learner has to write assignment responses compulsorily before taking term-end examination from time to time to complete an academic programme. A learner has to submit TMA responses to the coordinator of the Study Centre concerned to which s/he is attached. A learner should keep duplicate copies of assignment responses of TMA that may be required to be produced at Student Evaluation Division on demand. Term-end examination is conducted at various examination centers spread all over the country and abroad in June and December.

IGNOU uses the following system of “Grading” for evaluating learner’s achievement

Letter Grade	Qualitative Level	Point Grade
A	Excellent	5
B	Very Good	4
C	Good	3
D	Average	2
E	Unsatisfactory	1

For Bachelor’s and Master’s degree programmes, normally the system of numerical marking is followed, and the marks secured in assignments, TEE, etc. are later converted into grades as per the five-point grading scale given above. However, if required by the learner, the university provides numerical marks and division (I, II or Pass).

7. STUDY MATERIAL

Properly planned self-instructional print material both for the theory and practical components is the main part of the Bridge Programme in Community Health for Nurses. The study materials prepared by the University are self-instructional in nature whereas the lessons which are called units in the theory component are structured to facilitate self-study. Also, the practicals are structured for self-guidance during the clinical and laboratory work experience.

7.1 How to Study Print Material?

a) Theory Component

While going through the syllabi of courses you will note that each course has been divided into 5-6 blocks (for 4 credit courses). Each block has 4-6 units. These units of each block have a certain thematic unity and are arranged in a related logical sequence to maintain the continuity of learning of the particular subject.

The course material will be provided to you in the form of well designed printed books. Each book is a block containing units. The first page of each block indicates the numbers and titles of the units

comprising the block. In the first block of each course, we start with the course introduction. This is followed by a brief introduction to the block.

A schematic representation of the design of units is given below to facilitate your access to the contents.

X.n Answers to Check Your Progress

* 'X' stands for the serial number of the unit concerned.

As the scheme suggests, we have divided the units into sections for easy reading and better comprehension. Each section is indicated distinctly by bold capital letters and each sub-section by relatively smaller but bold letters. The significant divisions within-sub-sections are in still smaller but bold letters so as to make it easier for you to see their place within sub-sections. For purposes of uniformity, we have employed the same scheme of divisions in every unit throughout the programme.

Please start reading from the very beginning of the block i.e. Block Introduction and then go through the units. In each unit read the **introduction, objectives and then the text. Introduction focuses on the content, we have presented in the unit, and the objectives articulate briefly, what we expect from you once you complete working on the unit.**

The last section of each unit under the heading '**Let Us Sum Up**' summarizes the whole unit for purpose of recapitulation and ready reference. We have **self-check exercises** under the caption '**Check Your Progress**' at a few places in each unit. Do not skip these exercises. The answers to these exercises are mentioned at the end of the unit.

What, perhaps, you would do is to go through the units and jot down important points as you read in the space provided in the margin. **Broad margins in the booklets are there for you to write your notes on.** Make your notes as you work through the materials. Do use these margins. This will help you prepare for the examination, help you keep track of and assimilate the content. Answer the self-check exercises and the assignment questions and easily identify the item(s) to be clarified. Besides, you will be able to save on time.

We hope that we have given enough space for you to work on the self-check exercises. The purpose of giving self-check exercises will be served satisfactorily if you compare your answers with the possible ones given at the end of each unit after having written your answer in the blank space. **You may be tempted to have a glance at answer(s)** given at the end of the unit as soon as you come across an exercise. But we do hope that you will overcome the temptation and turn to these answers only after you write yours.

These exercises are **not** meant to be submitted to us for correction or evaluation. Instead, the exercises are to function as study tools to help you keep on the right track as you read the units.

The units are designed in such a way that the contents of later units are based upon the contents of initial units. If you have not understood or followed a unit properly, please read it again before reading the next one because; it may be difficult to follow the later units without a proper understanding of the first one. Whenever you face problem in understanding the content, please make note of it and put that question to your counselor during the counseling sessions at the PSC. You can also informally clear your doubts whenever you come in contact with your counselors without any hesitation. You could also e-mail your questions to the School of Health Sciences for clarification at bridgecoursen@ignou.ac.in. Your questions would be answered during the teleconference sessions and radio counseling sessions.

The **reference** books are listed for those who want to know further about the subject. But for your purpose, it should be sufficient if you have understood the content thoroughly. Please note that all the questions either in assignments or in term-end examination will be from the syllabi as mentioned in this guide. You will have to write the assignments related to each block as mentioned later on.

b) Practical Component

While going through the Practical Manual you will note that each course has been divided into a number of units. Based on the theory courses, number of practicals are given in the particular course of practical. Rest of the pattern for the Practical Manual has been prepared with the objective of providing you a guideline to study and practice these skills/experiments when you are placed in the Laboratory/Hospital/Primary Health Centre/ Community and various health agencies for practical experience/work.

As in theory similarly, in the practical print material, you will find the “**Check Your Progress**” at few places and “**Activities**” which will provide you a feedback about your grasp over the content and help you in application of the theory principles into practice. In the practicals, you will be doing your clinical/field activities during practical contact sessions under the guidance and supervision of your academic counselor.

Please maintain record of all the cases, as mentioned below, that you are seeing as a part of the learning exercise.

Please refer to **Appendix 1** that summarizes the hours that you need to spend in practical component in each area. The time allotment at Programme Study Centre will be used for demonstration of skills to you and limited practice. To ensure that you have understood the steps involved in each of the skills demonstrated, you should practice the skills on at least one sample case. If you can get opportunity to practice it on more number of patients at PSC, then you are welcome. However, if you do not get more chances, you could practice the same procedure at your DH, CHC, PHC, SC, UHC. Try to clear all your doubts before you leave PSC and start activities at your work place/at other areas.

In all other areas (CHC, PHC, SC, UHC), you will have to practice all the skills taught to you at PSC. The number of patients that you should see for each skill is mentioned in the logbook.

Training is planned for 50 days. The posting at DH (PSC) is for 22 days, CHC is for 10 days, PHC for 10 days, SC for 6 days and 2 days in Urban Health Centres. The learning at PSC and CHC/PHC/SC/UHC will take place in such a manner so as to cover up all the identified skills. This provides you multiple opportunities to clarify all doubts with respective subject experts during the registration period. Refer Page No. 54 for the distribution of days in each health facility.

The duration of practical component is mentioned against each course. The practical manuals would provide you information in detail about the skills that you need to perform. The manual will guide you in carrying out the procedures both under supervision and later on for self practice. In BNSL 043, you have been provided with a checklist that will help you to verify the steps while performing those skills.

7.2 Log-book Maintenance

Log-book is meant for maintaining the records of all the activities/cases that you are performing as a part of the programme at PSC/DH and CHC, PHC, SC, UHC. The number of cases that you should record in log-book will be according to the provisions made in it. For the rest of the cases as and when you see them, should be entered in the log-book in the appropriate place as mentioned in log-book.

The log-books should be carried by you whenever you participate in training in any centre. The cases recorded by you at the DH, CHC, PHC, SC, UHC should be written then and there and get it countersigned by the respective Counselors. As attendance of all the spells vis-à-vis completion of all skills is compulsory, this record will be an objective proof for your actual performance and learning. If a particular activity is not duly signed by the counselors, then it would not be considered for internal assessment and hence will fetch you low score. Please note, you ***must carry the log-book along with you to the term-end practical*** examination which would be returned back to you at the end of practical examination.

7.3 Audio-Video Material

In addition to the print material, audio and video programmes have been prepared for each course. The audio-video material is supplementary to the print material. The audio tapes and video cassettes will be available at your programme study centre. Hence, we advise you to make use of it, as that will help you to understand the subject better. Video programmes are transmitted by Doordarshan on National Network and Gyan Darshan.

Audio-video material will not be supplied individually to you but will be made available at the Study Centres. You can watch these programmes during counseling sessions. Students desirous of buying the audio-video tapes can procure them from Marketing Unit, EMPC, IGNOU, Maidan Garhi, New Delhi – 110068.

This induction is also done through teleconferencing in the beginning of session. You will receive information regarding this from your regional centre.

❖ Peer Group Information System

You could make your own arrangement to get information in time. One method could be to establish telephonic link amongst the batch mates. Two to three of you having easy access to PIC or Regional Centre could collect updated information regarding the schedules of various activities like spells, teleconferencing, any special event etc. These students in turn could pass information to another set of students staying nearby (say, each take responsibility for 2 students) and these students can further pass information to another set of students. Thus, in a short duration and incurring negligible expense, the information could reach to every student in time.

❖ Information by Programme In-charge (PIC)

Addresses of important divisions and the School are given in the **Section 12**. However, in case of any problem, you could inform to the Regional Centre/PIC as the case may be. You may kindly send your mobile number and e-mail id to the Programme Coordinator to get regular update from the headquarters.

❖ **Interaction with Programme Coordinator**

You could interact with your programme coordinator through e-mail on any of the administrative or academic problems related to programme. The e-mail id for the purpose is bridgecoursen@ignou.ac.in. Please write your enrollment number & name of programme study centre in email.

❖ **Information through Teleconference**

Some of the important announcements like the schedule of next teleconference are made during teleconferences. However, this information is also available in website. You could attend the teleconference at any of the places linked by Gyandarshan (GD-2) channel or at your residence if you have DTH (direct to home) connection. The live interactive Teleconferencing is also available through webcast: <http://www.ignou.ac.in/Broadcast/>

❖ **Information through Gyan Vani**

Gyan vani is an educational FM radio channel operating through several FM radio stations each covering a radius of about 70 km. You can interact during the live broadcast through toll free number. Please contact you regional centre for details.

❖ **Information from Website**

All the latest information is provided in the website of IGNOU (<http://www.ignou.ac.in>). You can access it as and when required.

❖ **Information from Student Support Service centre**

Any type of unsolved problems could be sent to the student support service centre (ssc@ignou.ac.in). Please refer **Section 12** for further details.

7.5 Student Responsibility

❖ **Travel and Stay in Relation to Programme**

The admission fee covers only expenses towards study material, counseling, practical activities at PSC, evaluation and certification. Hence, cost towards your stay and travel in relation to the programme during the practical spells, evaluation, teleconference etc. has to be borne by you or State Government sponsoring the programme. You can take help of the PIC in making such arrangements.

❖ **Log-book maintenance**

You will maintain the log-books for practical courses. Each of the records maintained at DH/PHC/CHC/PHC/SC/UHC should be signed by the respective counselors.

You are requested to carry the log book in all practical sessions. You may be denied to attend the practical session if you don't carry the log book. Please ensure that examiner has returned you log book after practical examination.

❖ **Attendance in Contact Session**

All the practical spells/contact sessions (All days) are compulsory. You may require to complete the practical sessions as per schedule of PSC. The **attendance for practical is compulsory and you have**

to attend them in a sequence. If you miss any spell, you will not be allowed to join the next spell. So, you should inform in advance to the Programme In-charge (PIC) regarding your inability to attend the spell so that you will be given an option to attend that spell along with next batch of students admitted in the programme.

❖ **Certificate of Completion for Skill Training**

You will have to attach the certificate of completion of practical activities performed at DH/PSC/CHC/PHC/SC/UHC while applying for the term-end practical examination. You could retain a Xerox copy of these certificates for future use. Refer Appendix 6.

8. HOW WILL THE PROGRAMME RUN?

8.1 Infrastructure for Implementation

The programme will be implemented through a network of health infrastructure all over India. IGNOU has more than **67 Regional Centres (RC)** which are directly responsible for the programme-related activities of that region. The head quarters has 21 Schools looking after the academic components and several divisions for administrative component.

The SOHS is responsible for the curriculum design, programme development as well as framing the guidelines for various aspects of the implementation process in consultation with the concerned divisions. Besides it will be monitoring the programme to ensure the quality training. The Student Registration Division (SRD) is responsible for maintenance of admission details and Student Evaluation Division (SED) is responsible for maintenance of progress report and evaluation (both concurrent and end-assessment) including the certification. Computer division possesses the student data to provide addresses of students for dispatch of study material and correspondence with students. Material Production & Distribution Division (MPDD) is responsible for dispatch of print materials. Regional Service Division (RSD) is the coordinating division between the head quarter and peripheral set up. So most of the information from regional director will go to head quarter only through RSD. Besides RSD establishes PSCs, appoints the counselors, programme-in-charge and takes care of the financial aspects of running the programme.

The contact sessions will be conducted through the counselors identified at Programme Study Centre (PSC). The PSC is identified by MOHFW for this programme. At PSC, you will be given theory counseling and demonstrated practical skills and given opportunity to clear the doubts where you would further learn and practice the skills at allotted DH/CHC/PHC/SC/UHC for gaining competence and also, you will be able to do more and more practice of skills at Centres. The list of the PSCs is mentioned in **Appendix 10**. The link between the above infrastructure is represented in **Fig. 2**.

Programme-in-charge is the link between the IGNOU and the health set up used for BPCCHN programme. He/She is stationed at the PSC and will for all practical purposes manage the day-to-day problems and ensure smooth running of the programme. The counselors identified at PSC/DH/CHC/PHC/SC/UHC will help to provide skill training to you.

You could bring the problems faced at DH/CHC/PHC/SC/UHC level to the knowledge of the respective Programme incharge/Programme Coordinator for early solution.

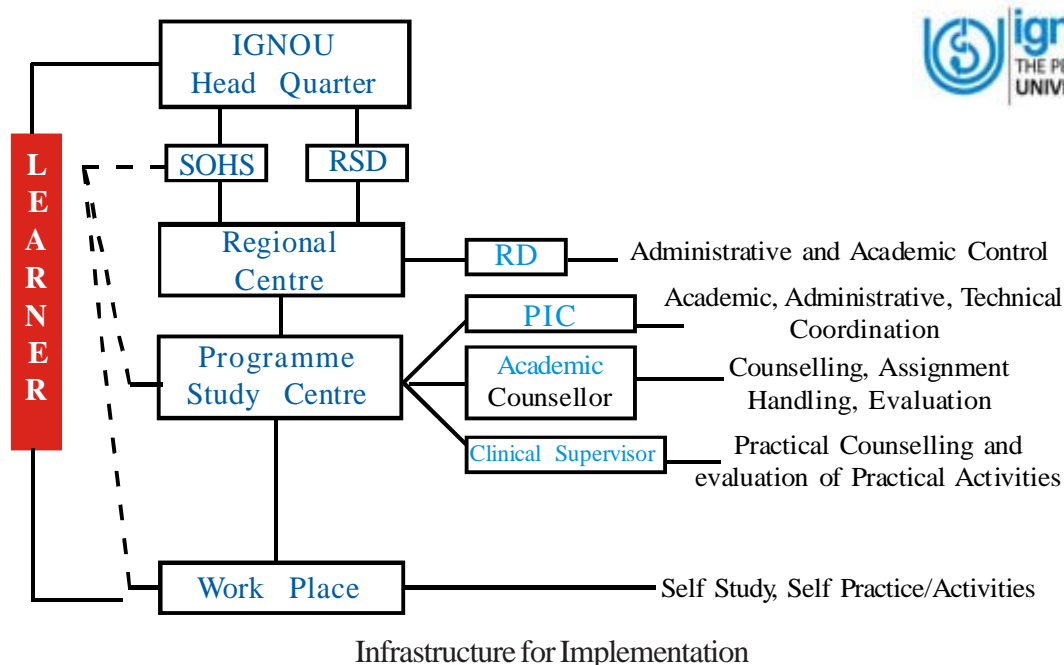

Fig. 2

8.2 Allotment of Programme Study Centre (PSC)

To provide effective support, IGNOU has set up a number of Study Centres all over the country whereas for conducting the Bridge Programme in Community Health for Nurses, Programme Study Centres (PSCs) have been set up in selected District Hospitals (DH) in coordination with Ministry of Health and Family Welfare (MoHFW), Govt. of India (GOI). Each PSC will be handling a maximum of 30 students. These centres will be managed by the Programme Incharge. The detailed particulars regarding the Study Centres to which you are assigned, will be communicated to you. The laboratory/clinical sessions of the programme will be held at DH/CHC/PHC etc. (**Refer Appendix 1 and 2**).

You will be informed about your allotted Programme Study Centre in your admission letter. You will be issued Identity Card and enrollment number by your Regional Centre, for all future correspondence, please mention your enrollment number.

In no situation a programme study centre will have more than 30 students in a batch. For transfer of PSC, you will have to apply in writing to your regional centre and Programme In-charge so that your records could be transferred to the new PSC. Regional Centre change is not allowed.

8.3 Role of PSC

Each PSC will have the following major functions

8.3.1 Counseling

Face to face contact between teachers and the students is provided to impart counseling, skill training and clarifying doubts arising out of the study materials. During this period, students will be demonstrated different skills as planned in the curriculum design. As per the availability of the patients and feasibility, students will be also given chance to practice some of the skills then and there.

The Programme Study Centre at District Hospitals will organize counseling sessions for all courses of study. Hence, as students, you can take help from the counselors in the study. The counseling sessions are not meant to be classroom lectures. You must study the material and try to assimilate it prior to coming for counseling. Whatever problems, you have, you must consult your Counsellor for clarifications and help.

There will be 60 counselling hours (30 sessions) for each theory course and each counseling session will be of 2 hours duration.

For successful completion of programme, a student is required to have minimum of 75% attendance in the counseling sessions, in each course to be eligible to appear in the examination.

The counsellor will also organize sessions where you can view audio-video programmes. These programmes often supplement your course material. Exact dates of counseling sessions will be announced by the Study Centres concerned.

During the counseling session you will have the opportunity to interact with your fellow students which will help you to formulate self-help groups.

Counselor will issue certificate of completion of counselling sessions (Appendix 5).

8.3.2 Evaluation of Assignment

You will be given assignments having long, short, objective type and problem based questions. The counselors at your programme study centre will evaluate them and return to you for feedback.

8.3.3 Library

There will be availability of relevant course materials, reference books as suggested for further reading and audio video materials related to the programmes run by the programme study centre.

You will be able to avail the library facility of the Medical College to which the programme study centre is attached. Please use your Identity Card for this purpose.

How can the Counsellors help you at PSC?·

- Take theory counseling in respective subjects.
- Demonstrate all practical activities to the students attached to him/her.
- Help in practice of Skills at PSC.
- Evaluate assignments and provide feedback.
- Participate in teleconferencing, if required.
- Evaluate records/projects of practical components of respective courses.
- Ensure your learning and gaining proficiency in respective courses.
- Certify the completion of skills by you at PSC/CHC/PHC/SC/UHC.
- Participate as examiner for Term-end practical Examination.

8.3.4 Interaction with Fellow Students

You will get an opportunity to interact with your peer groups and other students that could help you to overcome the problems faced by you as a distant learner. You can overcome the feeling of being isolated from other students.

8.3.5 Teleconference

In some of the programme study centres teleconference facility is provided which is linked with the head quarter. At other places you will be attached to the nearest centre having this facility.

This is linked with both the theory and practical courses and is held once in a month. We advise you to attend these sessions regularly at your Regional Centre. The schedule can be obtained from your Regional Centre and Programme Study Centres . This would give you opportunity to interact with students all over the country.

8.3.6 Practical Sessions

The practical components of this programme have been designed to build on your existing experiences and knowledge in the various areas/field of nursing. These practicals will help you to improve the skills, qualities,

knowledge and competencies that you will need to practice at subcentre level. Throughout the programme, the material provided to you will encourage you to think about what you have already known and done in your practice in community.

Your practice is, therefore, an integral and compulsory part of the Bridge Programme in Community Health for Nurses.

Completion of all skills i.e. 100% attendance for practical work in each course is compulsory for becoming eligible to appear in the Term-End Practical Examinations. (Appendix 7)

You should bear in mind that every practical is evaluated and is included for the final evaluation. Therefore, you have to perform all the practicals in order to be able to secure the maximum marks. In the final result, continuous assessment during field work will carry 30 per cent weightage (Log-Book) and final practical examination will carry 70 per cent weightage. You need to score 50 per cent marks in log-book and practical examination separately.

The programme-in-charge along with the counselors will finalize the time schedule of every practical session. The posting plan is designed in such a way that every student gets adequate opportunity to clear his/her doubts. Though 5-7 students are attached to a counsellor at a time, these 5 students could be further divided into smaller groups and posted to different places (Sample rotation plan - Appendix 2 and 3).

Even though there is flexibility in planning a session, following points need to be taken into consideration:

- Not more than 5 students are grouped in any of the clinical posting.
- Field demonstrations should have all groups at a time
- Students, if possible, could be taken in the ward teaching rounds.
- Interested students could be allowed, if the department has no objection, for night duties in labour room, emergency care, Laboratory etc.
- All students should participate actively and present atleast one case.

We hope that in addition to developing new skills and competencies, you will be able to reflect on what you do, how well you do it and consider the ways you might do it better.

8.3.7 Clinical Supervision

You will be assigned a Clinical Supervisor/Academic Counsellor in the clinical settings. Your Clinical Supervisor is there to:

- Organize rotation for practical experience; (Appendix 2 and 3)
- Provide support when you need it;
- Provide guidance as you work through this programme;
- Supervise, monitor and assess your progress of work; and
- Evaluate the Log-book.

Clinical supervisor/Academic counsellor will ensure that each student has gained the required clinical experience. A group of 5-7 students will be supervised by one clinical supervisor/academic counsellor.

In clinical setting; Clinical Supervisor/Academic counsellor will assign you placement for practical experience in different areas (Appendix 2). The detailed schedule of practical work and laboratory work will be communicated to you by Programme Incharge of Programme Study Centre.

The detailed programme of the contact-cum-counselling session will be sent to you by the Programme Incharge of the Study Centres concerned. In these sessions, you will get an opportunity to discuss your programme queries pertaining to the course with the counselors.

8.3.8 Gyan Vani

IGNOU has been offered FM Channel Radios in 40 cities and towns for education and development. EMPC is the nodal agency for implementing the project. EMPC is also studying an experimental proposal for global Gyan Vani. As many as 10 FM Radio Stations at Allahabad, Bangalore, Coimbatore, Vishakhapatnam, Mumbai, Lucknow, Bhopal, Kolkata, Chennai and Delhi are already on air. The detailed schedule can be accessed at IGNOU EMPC-Gyandarshan Website <http://www.ignou.ac.in/gyandarshan%scindex.html>.

8.4 Arrangement of Contact Sessions

Theory Counselling

There will be total 60 sessions (120 hours) of contact session for theory counseling. All the doubts related to theory material could be clarified during these counseling sessions at PSC.

Practical Activity

i) *At Programme Study Centre*

The practical demonstration at the PSC would be done in five different areas including PSC. You will be posted at various set up like Out Patient Department (OPD), Ward, Laboratory etc. as per the necessity of training you in a particular skill. The exact place of posting will again depend upon the decision of the counsellors of PSC so that your training becomes more meaningful.

It may be noted that the time allotted for PSC will be used for **demonstration of skills and limited practice of that skill** by students depending upon the availability of the patient. It is expected that PSC counsellors will demonstrate all the skills at least once and you have a scope to practice under their supervision. If you do not get scope for independent practice in a PSC, you could try the same in next spells at other areas. However, you have to do independent practice of all the skills. In addition to demonstration, you could discuss the important points in each of the procedures with your counsellors and ensure that you follow all the steps correctly.

You will also have to attend some field visits. The visits will be organized by the respective counsellors. During the field visit, you have to collect all data as mentioned in the related section of the logbook and get them signed before completing the respective spell. The arrangement of transport to the field will be taken care by the PSC.

At the end of the last spell at SC, the PSC counsellor will sign on the completion certificate (**Appendix-5 and 6**) that is essential to make you eligible to appear in the term-end examination. If you face any problem you should bring this to the notice of the regional director/PIC/Programme Coordinator.

Teleconferencing

It is a two-way audio and one-way video system where you can see the teachers over television screen and interact with them by using the telephone/e-mail. The teleconferencing sessions will be planned as per feasibility and attempts will be made to link them during the practical spells so as to have more participation. Even if the spells and the teleconference sessions are not linked, you can visit your nearest study centre of IGNOU having this facility and attend to the teleconference sessions of BPCCHN programme. You can see the list of centres having the Gyandarshan facility in <http://www.ignouonline.ac.in/Broadcast/>. However, you may **contact your Regional Director to know more about this facility. You can also see the Teleconference in the Direct to Home TV (DTH TV) and through webcast.**

In these sessions, subject experts will be invited to deal with various subject areas as planned for that session. While dealing with the theory component, principles/concepts dealt in different units will be highlighted and the questions raised by you will be answered with the help of examples so that you will be able to practice those principles and link them to practical activities.

In the practical component, attempts will be made to deal with rare patients and where possible, show them live or get video clips of five to ten minutes and generate discussion. Attempts will also be made to simulate question answer sessions/seminars in a planned way. As the teleconferences are being linked with the practical sessions, a good amount of participation is expected.

The teleconference sessions will be held once a month from February to May for January session and August to November for July session. The dates are informed to the Regional Director well in advance. You can also see the schedule form the website. You may also mail on your query in advance to the Programme Coordinator (bridgecoursen@ignou.ac.in) BPCCHN, Block D, School of Health Sciences IGNOU, Maidan Garhi, New Delhi – 110068 or Fax in 011-29534935 so that the same could be taken up for discussion in the next possible session. You could also call and give suggestions or interact with the expert during the session on teleconferencing for its improvement. We expect you to provide feedback on teleconferencing to the School of Health Sciences and also record in respective log-book.

9. EVALUATION

The system of evaluation in IGNOU is also different from that of conventional universities.

Broadly, IGNOU has a three-tier system of evaluation:

- 1) Self-assessment exercises within each unit of study.
- 2) Continuous evaluation mainly through assignments which are either tutor-marked or computer-marked, practical assignments and seminars/workshops.
- 3) The Term-End Examinations and/or project work/Log book.

The evaluation of learners depends upon various instructional activities undertaken by them. A learner has to write assignment responses compulsorily before taking term-end examination from time to time to complete an academic programme. IGNOU uses two types of assignments: tutor-marked assignment (TMA) and computer-marked assignment (CMA). In some courses, both TMAs and CMAs are used and some courses have only TMAs are used. For this programme, we shall have the tutor marked assignments or TMAs. Evaluation of assignments is called continuous assessment (CA). A learner has to send tutor marked assignment (TMAs) responses to the concerned Programme Incharge of the Study Centre to

which s/he is attached. A learner should keep duplicate copies of his/her Assignment Responses that may be required to be produced at SR&E Division on demand. The weightage given to assignments, seminars/practicals varies from 30 per cent to 70 per cent of the maximum marks.

9.1 Method of Evaluation of Theory Courses

9.1.1 Theory Assignments

For theory courses, the evaluation consists of two aspects:

- i) Continuous Evaluation through assignments, and
- ii) Term-End Examination.

In the final results all the assignments carry 30 per cent weightage while 70 per cent weightage is given for term-end examination. You need to score 50 per cent marks in assignment separately and 50 per cent marks in the term-end examination to be declared successful.

Practical

For practical courses, the evaluation consists of two aspects:

- i) Continuous assessment during field work/maintaining log-book.
- ii) Final practical examination.

In the final result, continuous assessment during field work will carry 30 per cent weightage (Log-Book) and final practical examination will carry 70 per cent weightage. You need to score 50 per cent marks in log book separately.

Assignments constitute the continuous evaluation component of a course. The assignments of a course carry 30 per cent weightage. The marks that you get in your assignments will be counted in your final result. Therefore, you are advised to take your assignments seriously.

You have to complete and submit all the assignments compulsorily. You will not be allowed to appear for the term-end examination for a course if you do not submit the specified number of assignments in time for that course. Similarly, you will have to practice all practical activities during practical contact sessions to enable you to appear in Practical examination.

The main purpose of assignments is to test your comprehension of the learning material you receive from us and also to help you get through the course by providing feedback to you. The information given in the printed course materials should be sufficient for answering the assignments. Do not worry about the non-availability of extra reading material for working on the assignments. However, if you have easy access to other books, you may make use of them. But, the assignments are designed in such a way as to help you to concentrate mainly on the printed course material and make use of your personal experience.

In theory, TMA is evaluated by the academic counselor at the programme study centre. There will be only one assignment.

Whenever you receive a set of assignments, check them immediately and ask for missing pages, if any, from Registrar, Material Production and Distribution Division, IGNOU, Maidan Garhi, New Delhi – 110068 or the Programme incharge of your Study Centre.

Guidelines for Submission of Assignments

For the BPCCHN Programme, you will have to do one assignment for each of Course BNS-041 and BNS-042. You have to secure an aggregate of at least (50%) in each assignment to pass. If one fails to secure 50%, he/she will have to repeat the assignment/(s) in which he has scored less than pass mark.

All the assignments have to be hand written. Submission of assignments is a pre-requisite for appearing in theory examination. If some one appears in the term-end theory examination without submitting the respective assignments, his/her term-end theory examination may not be reflected in the grade card.

The assignment responses should be complete in all respects. Before submission you should ensure that you have answered all the questions in all assignments. Incomplete answer sheets bring you poor marks.

You must submit your assignments according to the schedule indicated in the assignment itself. In case there is any delay in receipt of assignments and study material and/or schedule for submission of assignments has not been indicated, ***you should submit your assignment responses within one month of the date of receipt of material*** together with a documentary evidence of your having received the material late.

The Programme Incharge at the Programme Study Centre has the right to reject the assignments received after the due date. You are, therefore, advised to submit the assignments before the due date.

For your own record, retain a copy of all the assignment responses which you submit at the Programme Study Centre. If you do not get back your duly evaluated tutor marked assignments within a month after submission, please try to get it from your Study Centre personally. This may help you to improve upon future assignments. Also maintain an account of all these corrected assignment responses received by you after evaluation. This will help you to represent your case to the University in case any problem arises.

In case you are unable to submit the assignments or unable to score minimum qualifying pass grade i.e. 50%, you have to wait for the assignments meant for the next batch of students and submit them. The request for the new assignments may be addressed to the Registrar (MPDD), Indira Gandhi National Open University, Maidan Garhi, New Delhi - 110068, between December 1 and January 31 every year (see the Requisition Form given in Appendix 10).

Once you get the pass grade in an assignment, you cannot resubmit it for improvement of grade. Assignments are not subject to re-evaluation except for factual errors, if any. The discrepancy noticed by you in the evaluated assignments should be brought to the notice of the Programme Incharge of the Programme Study Centre so that the correct score is forwarded by him/her to the SR&E Division at the Headquarters.

Do not enclose or express doubts for clarification, if any, along with the assignment. Send your doubts in a separate cover to the Deputy Registrar, SED, Indira Gandhi National Open University, Maidan Garhi, New Delhi - 110068. When doing so give your complete enrolment no., name, address, title of the course, and the number of the unit or the assignment etc., on top of your letter.

Specific Instructions for Tutor Marked Assignments (TMAs)

- 1) Write your Enrollment Number, Name, Full Address, Signature and Date on the top right hand corner of the first page of your response sheet.
- 2) Write the Programme Title, Course Code, Course Title, Assignment Code and Name of your Study Centre on the left hand corner of the first page of your response sheet.

Course Code and Assignment Code may be reproduced from the assignment. The top of the first page of your response sheet should look like this:

PROGRAMME TITLE: ENROLLMENT NO:

COURSE CODE: NAME :

COURSE TITLE: ADDRESS:

ASSIGNMENT CODE:

STUDY CENTRE : SIGNATURE:

DATE:

- 3) Read the assignments carefully and follow the specific instructions, if any given on the assignment itself about the subject matter or its presentation.
- 4) Go through the Units on which assignments are based. Make some points regarding the question and then rearrange those points in a logical order and draw up a rough outline of your answer. While answering an essay type question give adequate attention to introduction and conclusion. The introduction must offer your brief interpretation of the question and how you propose to develop it. The conclusion must summarize your response to the question. Make sure that the answer is logical and coherent, and has clear connections between sentences and paragraphs. The answer should be relevant to the question given in the assignment. Make sure that you have attempted all the main points of the question. Once you are satisfied with your answer, write down the final version neatly and underline the points you wish to emphasize. While solving numericals, use proper format and give working notes wherever necessary.
- 5) Use only foolscap size paper for your response and tie all the pages carefully. Avoid using very thin paper. Allow a 4 cm margin on the left and at least 4 lines in between each answer. This may facilitate the evaluator to write useful comments in the margin at appropriate places.
- 6) Write the responses in your own hand. Do not copy your answers from the Units/Blocks sent to you by the University. If you copy, you will get zero marks for the respective question.
- 7) Do not copy from the response sheets of other students. If copying is noticed, the assignments of such students will be rejected.
- 8) Write each assignment separately. All the assignments should not be written in continuity.
- 9) Write the question number with each answer.
- 10) The completed assignment should be sent to the Coordinator of the Study Centre allotted to you. Under no circumstances do not send the tutor marked response sheets to the Student Evaluation Division at Head Quarters for evaluation.
- 11) After submitting the assignment at the Study Centre get the acknowledgement from the Coordinator on the prescribed assignment remittance-cum-acknowledgement card.

- 12) In case you have requested for a change of Study Centre, you should submit your Tutor Marked Assignments only to the original Study Centre until the change of Study Centre is notified by the University.
- 13) If a student does not successfully complete the assignments, s/he may redo the assignment as per university ordinance.

9.1.2 Term-End Examination (TEE)

As stated earlier, term-end examination is another component of the evaluation system. Term-end examination carries 70% weightage in the final result.

If you are unable to complete during the first attempt, you can take subsequently in December and June Term-End Examination.

Term-end examination for theory will be held twice in a year i.e. in the month of June/December. There will be 1 paper for two theory course of 70 marks. Each paper will be of 3 hours duration. You will have to secure atleast 35 marks (50%) in each of the theory papers for successful completion.

You could appear in all or any one of the two theory papers at a time. For appearing in the theory term-end examination, you should fulfil two requisites, i.e. filling up the form in time in online mode only and timely submission of assignments related to that theory paper or the papers that you want to appear.

To make you eligible, you will have to fill up and submit the term-end examination form in time. Please note that you will have to pay examination fee @ Rs. 120/- per paper in the form of demand draft drawn in favour of IGNOU and payable in name of the city under which the exam centre falls, as mentioned in the form. You can get the form from the regional centre or the PSC. The examination schedule commonly known as Date Sheet is sent to Regional Centres at least 5 months in advance. You can refer to section on website in this programme guide for online submission of form and date sheet.

Every year theory examination is conducted in about almost 700 examination centres across the country. You can appear from any of these centres. But once you give a choice, the centre is not usually changed. If the centre that you have opted is not activated as an examination centre, then you will be automatically allotted a centre nearer to that of your option. You are intimate about your centre by the Student Evaluation Division (SED) through the admit card which is usually sent 2 weeks prior to the commencement of examination. Please refer to Section 6 for more clarifications on theory term-end examination.

Examination date sheets (schedule which indicates the date and time of examination for each course) are sent to all the Study Centre approximately 5 months in advance. The same is also notified thorough IGNOU News Letter from time to time and also in website www.ignou.ac.in. Thus, normally, the date sheet for June examinations are sent in the month of January and December examinations in the month of July. You are advised to see whether there is any clash in the examination dates of the courses you wish to take i.e. examination of any two courses you wish to take are scheduled on the same day at the same time. If there is any clash, you are advised to choose one of them in that examination and the other course in the next examination i.e. June or December as the case may be.

The examination Form is accepted through on-line mode only. The Guidelines of the same are made available on the website (www.ignou.ac.in) as per the prepared schedule.

After receiving the online examination form from you, the University will send intimation slip to you before the commencement of examinations. If you do not receive the intimation slip 15 days before the commencement of examinations, you may contact your Programme Study Centre/Regional Centre/SR&E Division at headquarters. If your name is registered for examinations in the list sent to the Study Centre, even if you have not received intimation slip or misplaced the intimation slip, you may download from internet. You can take the examination by showing you Identity Card (Student Card) to the examination centre superintendent.

Your enrolment number is your Roll Number for examinations. Be careful in writing it. Any mistake in writing the Roll Number will result in non-declaration of your result.

It is your duty to check whether you are registered for that course and whether you are eligible to appear for the examination or not. If you neglect this and take the examination without being eligible for it, your result will be cancelled.

9.2 Method of Evaluation of Practical Courses

Assignment/Internal Assessment

The practical courses will have 30% weightage from internal assessment. The internal assessment of the practical component will be done by the counselors at end of contact session/spell. There are no formal question papers to assess this component. The counselors will make assessment of your understanding and performance on every skill. The marks on assignment/internal assessment will be given by the PSC counselors in a proforma provided for the respective courses. This proforma will be handed over by the respective PSC counselors to the Programme In-charge as soon as you complete all the requisite activities under them.

In PSC most of the skills dealt in a spell will be evaluated at the end. Please note that you have to also submit the respective logbooks during the term-end practical examination for verification by examiners. You will be returned back your logbooks after the examination.

Term-end Examination (Practical)

For term-end practical examination, there will be one internal and one external examiners. The internal examine will be from the same programme study centre and the external examiners will be the counsellors from IGNOU programme study centre in the same state. Their names will be decided by Regional Director/Regional Student Evaluation Division in consultation with the School. An observer from IGNOU may also be present. The practical term-end examination is usually held once in a cycle i.e. in the months of June/July.

The examination pattern will be uniform in the whole country. You will be given long and short cases and there will be viva. A student will have to score atleast 50% marks in practical courses to pass successfully. Otherwise, he/she will have to repeat the respective course (**Appendix 7**).
