By

Dr. Sudhir Rathore
MD (KGMC), MD (Research), FRCP (UK), FACC, FESC

on

Thursday, 25th August 2022

in

Room no. 223, Kalam Centre, KGMU
as per programme overleaf

Chief Guest

Lt. Gen. (Dr.) Bipin Puri PVSM, VSM (Retd.)
Hon’ble Vice Chancellor, KGMU, Lucknow, U.P.
Dr Sudhir Rathore has been working as a Consultant Interventional Cardiologist with special interest and clinical lead in CT Coronary angiogram service at Frimley Health NHS Foundation NHS Trust, Surrey, UK for last 12 years. He also holds an academic position at St Georges Hospital, London and is Honorary Visiting Professor at AIIMS, Rishikesh, India. Prior to this he was associated with several hospitals in India, Japan, and UK.

Dr Sudhir Rathore graduated with distinction from the King George's Medical College, Lucknow, India in 1992. On completion of his post graduate general medical training, he was awarded MD (1995) and a Gold Medal from KGMC, Lucknow University, India.

Dr Rathore began his Cardiology training at the Liverpool Heart and Chest Hospital, Liverpool, UK including a period of clinical research leading to the award of an MD from Liverpool University. This led to the award of MRCP and Certificate of Completion of training (CCT) in Cardiovascular medicine. Following this, he then completed a prestigious and rare advanced fellowship in Japan, under the mentorship of Dr Takahiko Suzuki and Osamu Katoh, a world authority in coronary angioplasty.

Dr Rathore has published over 60 peer review papers in medical journals, 3 book chapters and is a reviewer for several international cardiology journals (Journal of Interventional Cardiology, Coronary artery disease, Euro intervention, American Heart Journal Catheterization and Cardiovascular interventions, SCAI, JACC, Cardiovascular Interventions) and serves as a member of editorial board (Journal of Interventional Cardiology, World Journal of Cardiology, Indian Heart Journal). He has been an invited member of the faculty for a wide range of national and international scientific meetings and was awarded several awards for case presentation.

Dr Rathore is a world expert in the diagnosis and treatment of complex coronary artery disease. He is expert in the interventional techniques to treat coronary chronic total occlusion (antegrade and retrograde), Primary PCI, rotational atherectomy, left main stem PCI, IVUS, Optical Coherence Tomography and Cardiac CT. He is an International Proctor for physician teaching and training for complex coronary interventions. He is keen in developing new ways in diagnostics and cost-effective management of patients with CAD. Dr Rathore is a founder member of health technology start up Kardiolabs, AI, developing AI solutions in cardiovascular diagnostics.

He is a member of British Cardiovascular Society and British Cardiovascular Intervention Society. He is also awarded reputed Fellowship of American College of Cardiology and European Society of Cardiology for his contribution to the field of Cardiology. He is also a member of reputed European Chronic Total Occlusion Club and European Bifurcation Club.
