No. 315

/KGMU/MM/2025

Date: 09/12/2025

NOTICE

SUBJECT: Procurement of following item on a proprietary/single source basis.

The KGMU, Lucknow, intends to procure the following item(s), manufactured as per the details mentioned below, on a Proprietary/Single Source basis from their authorized importers/distributors/dealers, as per the enclosed details:-

S.No	Equipment/Item Name	Deptt.	Name of OEM/Manufacturer
1	Robotic Surgery Instruments for SSI Mantra (For VATS and GI surgery)	Surgery (General)	M/s SSI Pvt. Ltd.

The Proprietary Certificate and proposal/offer for the above item, as submitted by the manufacturer (OEM) or their authorized importer/distributor/dealer, are attached. These documents are being uploaded for open information to all manufacturers/suppliers to invite any objections, representations, or comments on the proprietary/single-source nature of the procurement within 07 days of the date mentioned above.

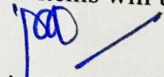

Objections/Comments should be submitted to: Joint Director (MM), KGMU, Lucknow / In-Charge, Common Equipment Cell/Concerned Head of Department, KGMU, Lucknow

Failure to submit any objection within the stipulated time will be construed as acceptance that no other supplier has objections or equivalent items to offer. The case will then proceed for procurement based on its merits.

The objections/representations should specifically address the following:

- 1- Whether the mentioned equipment/item is manufactured by any other manufacturer besides the OEM or its authorized sellers/distributors/dealers.
- 2- Whether the equipment/item fulfills all parameters according to the enclosed technical specifications.

Note: In case no objection is received within 07 days, the procurement of the said items will be carried out through bid on GEM portal.

Joint Director (MM),
KGMU UP, Lucknow

PROPRIETARY/SPECIFIC BRAND GOODS CERTIFICATE

1.	Item Type/Model No. required along with specification	SSI Mantra III Robotic accessories hand instruments
2.	If the item a spare part attachment or accessory for an existing equipment Yea/No (If Yes, provide details)	accessory
3.	Name of the manufacturers/sold distributors of the item proposed by the indenter	SSI Pvt Ltd.
4.	Are they sole manufacturers/sold distributors of the item Yes/No	Yes
5.	If there any other item with similar/equivalent specification available in the market to meet the job requirement envisaged. Yea/No (If Yes, explain why those alternatives cannot be procured and provide a comparative analysis of the functional advantages/cost-effectiveness of the recommended item)	No.
6.	Efforts made to locate alternative sources of supply or use of substitutes.	YES, PAC item
7.	Why open tender can't be resorted to, for locating alternative source.	PAC item
8.	Are the proprietary items certified to have reasonable rates ? Yes/No	Yes, Justified By previous purchase orders of AIIMS/TMH or like institutes
9.	Any other justification for procuring the item from a single source	The deptt has got the robotic system already installed in the dept.

I hereby certify that the above item is required to be procured on a proprietary/single-source basis, as the specified brand is the only known source that meets our functional requirements. Given the unique advantages of this brand, an open tender process would not serve any meaningful purpose in this case and can justifiably be waived.

AUTHORIZATION LETTER

Date : 24 November 2025,

To
The Finance Officer,
King George Medical University
Shah Mina Rd, Chowk, Lucknow,
Uttar Pradesh 226003

Subject: Authorization and OEM Confirmation

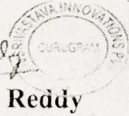

Dear Sir,

We hereby confirm that we are the Original Equipment Manufacturer (OEM) of *Mantra Surgical System* instruments and accessories. We are solely responsible for their distribution and marketing. No other company is authorized to supply these items.

Kindly take note of the same.

Thank you.

For Sudhir Srivastava Innovations Pvt. Ltd.

Srinivasa Reddy
Senior VP - Operations, QRA and Govt. Affairs

SS

PROPRIETARY CERTIFICATE

This is to certify that the technology used for the design, develop and manufacture of Mantra Surgical Robotic System, Instruments and Accessories are proprietary of **Sudhir Srivastava Innovations Pvt. Ltd**, Gurgaon, India.

The following are the list of the advanced technological features available with SSI Mantra System.

1. The SSI Mantra system is very unique in its overall technology attributes, which is different compared to all other robotic companies today.
2. It's a modular system with arms mounted on separate carts and SSI Mantra System is the only one that has capability of using up to five arms.
3. System has a secondary 2D monitor whereby any of the DICOM images can be converted into 3D model on a large screen and be manipulated by the surgeons to provide details of the patient specific target anatomy.
4. The SSI Mantra system is the only system today globally that has broad spectrum application for cardiac surgery, with some of the advanced enabling technologies that are absolutely proprietary to SSI and that includes, NADI, an Automated Coronary Anastomotic Connector and Multi-fire Clip-Applier. SSI is also developing an articulating harmonic device.
5. Hand Controls are very different and ergonomic by others and our vision cart also provides a 3D 4K monitor that today no other company has it integrated as part of the robotic surgical system.
6. The 3D monitor provides safety, shortens learning curve and creates efficiency and finally better outcomes to avoid accidents with a 2D vision.
7. The console itself also is prepared right from the beginning for up to five arms that currently no one else has.
8. Our intellectual property portfolio has at this point over 120 filings, and the number of patents that have been granted are very unique and novel that are completely different and proprietary to SSI only. So overall the system is very different.
9. The system has more and better features and all specialties are covered including entire spectrum of cardiac surgery.

Sincerely Yours

For **Sudhir Srivastava Innovations Pvt. Ltd.**

The following information for customer service, including ordering, reporting complaints or adverse events, and general information regarding Sudhir Srivastava Innovations Pvt. Ltd. or our products and services.

customer.support@ssinnovations.org

Product Information

SSI Mudra™ Endosurgical Instruments and Accessories are covered by a limited manufacturing warranty provided by Sudhir Srivastava Innovations Pvt. Ltd. (hereinafter referred to as "the Manufacturer"). This includes the following terms and conditions:

Shelf life : The Shelf life for SSI Mudra™ Endosurgical Instruments and Accessories are as follows,
SSI Mudra™ Endosurgical Instruments - 10 Uses
SSI Mudra™ Single Use Sterile Accessories - 2 Years
SSI Mudra™ Reusable Accessories - Not Applicable

Coverage: This manufacturing warranty covers defects in materials and workmanship. During the warranty period, the Manufacturer will, at its discretion, repair or replace any instrument or accessory found to be defective.

Exclusions: This warranty does not cover damage resulting from misuse, negligence, unauthorized repairs, accidents, alterations, or any other cause beyond normal wear and tear. It also does not cover consumable components or accessories.

Cleaning and Sterilization: Customer must follow the instructions, warnings and caution given in the manual.

Single Use Consumables: All the consumables supplied by the Manufacturer are Single use as per the labelling. Multi use of Consumable significantly effect the system performance. Any damage to the system, performance due to multi use of single use consumables shall lead to the cancellation of Warranty/AMC/CMC and manufacturer has no liability on these damages.

Proper Use and Maintenance: To be eligible for warranty coverage, all instruments and accessories must be used and maintained in strict accordance with the Manufacturer's instructions and guidelines. Failure to do so may void the warranty.

Claim Process: To make a warranty claim, the customer or authorized representative must contact the Manufacturer or an authorized distributor. The Manufacturer reserves the right to request proof of purchase, product serial numbers, and details of the alleged defect.

Resolution: If a product is found to be covered under warranty, the Manufacturer will repair or replace the defective item at its discretion. The Manufacturer's decision is final.

Shipping and Handling: The customer is responsible for any shipping and handling costs associated with the warranty claim unless otherwise specified in the warranty terms.

Limitation of Liability: The Manufacturer's liability under this warranty is limited to the repair or replacement of the defective product. In no event shall the Manufacturer be liable for any direct, indirect, incidental, or consequential damages.

Local Laws: This warranty is subject to the laws and regulations of the jurisdiction in which the product was purchased. Some regions may have additional consumer rights, and this warranty does not affect those rights.

Changes to Warranty Terms: The Manufacturer reserves the right to modify or update warranty terms and conditions at its discretion. Any changes will be communicated to customers in a timely manner.

Safety Information

Product Intended Use: The SSI Mudra Endosurgical Instruments and Accessories are designed exclusively for use with the SSI Mantra™ Surgical Robotic System. They are intended for use by trained medical professionals in robotic-assisted surgical procedures. Any other use is strictly prohibited.

Patient Safety: While every effort has been made to ensure the safety and effectiveness of these instruments and accessories, their successful operation depends on proper setup, maintenance, and adherence to established surgical protocols. Patient safety is paramount.

Professional Training: Proper training is essential before using these products. Only healthcare professionals who have completed appropriate training and are familiar with the SSI Mantra™ Surgical Robotic System should operate these instruments. Inadequate training can lead to potential risks.

Product Compatibility: Ensure that all instruments and accessories are compatible with the SSI Mantra™ Surgical Robotic System and other related equipment. Compatibility issues may lead to malfunctions or surgical complications.

Risk of Complications: Despite advanced technology, all surgical procedures carry inherent risks. The use of SSI Mudra™ Endosurgical Instruments and Accessories does not eliminate these risks, and surgical outcomes may vary. Surgeons must exercise caution and diligence.

Maintenance: Regular maintenance and proper cleaning of instruments are critical to their proper function. Failure to maintain these instruments as per manufacturer recommendations may result in performance issues.

Product Warranty: Please refer to the specific product warranty information provided in the catalog for details on warranty coverage. Misuse, improper maintenance, or unauthorized repairs may void the warranty.

Adverse Events Reporting: Healthcare professionals and institutions should report any adverse events or product malfunctions associated with SSI Mudra Endosurgical Instruments and Accessories to the appropriate regulatory authorities and the manufacturer.

Product Availability: Product availability may vary by region, and some products may not be available in all countries or regions due to regulatory or supply chain considerations. Please consult with your local distributor for product availability.

Product Updates: The manufacturer reserves the right to update or modify product specifications and accessories without prior notice. It is essential to stay informed about the latest product information and updates.

Legal Compliance: Users are responsible for complying with all relevant local, national, and international laws and regulations governing the use of medical devices and robotics in healthcare.

Consultation: Surgeons and healthcare providers are encouraged to consult with the manufacturer or authorized representatives for any questions, concerns, or assistance related to SSI Mudra™ Endosurgical Instruments and Accessories.

The SSI Mudra™ Endosurgical Instruments and Accessories are specially designed for exclusive use with the SSI Mantra™ Surgical Robotic Systems manufactured by SS Innovations. These instruments should be operated solely by qualified and trained surgeons who have received certification from SS Innovations in robotic surgery techniques. The training provided is specific to the proper handling and use of the SSI Mudra™ instruments with the SSI Mantra System and does not substitute for the essential medical training and experience required to perform robotic surgeries. All images in this catalog are for illustration purposes only. The actual product may vary due to continuous product enhancements and design updates.

Sudhir Srivastava Innovations Pvt. Ltd. and The SSI Mantra 3 Surgical Robotic System are certified in ISO 13485:2016 medical device quality management and is authorized for sale by the The Central Drugs Standard Control Organisation (CDSCO) under Directorate General of Health Services, Ministry of Health & Family Welfare, Government of India.
