SPECIFICATION

1. the firm must be manufacture of Liquid Oxygen Medical gases i.e Medical Oxygen IP Valid manufacturing license issued from the drug controller. (Attested copies of the Licenses must accompany the tender)
2. the Firm should have more than two manufacturing unit in india. (Attested copies of the Licenses must be attached with the technical bid)
3. the firm should have valid license for storage, filling and cylinder testing license issued by the CCE Nagpur/competent authority. (Attested copies of the Licenses must accompany the tender)
4. the firm should take responsibility of routing checking/testing of all cylinder/Vessels For LMO before filling.
5. the firm having infrastructure for manufacturing/filling and testing with good track record of medical gases in Lucknow/Kanpur/Uttar Pradesh/North India.
6. the Firm should have in house facility for testing of gases. the should have full time chemist to operate the laboratory.
7. the supply of Liquid medical Oxygen gases should be available round the clock as and when required.
8. the firm is bound to submit the test report along with each supply.
9. the vessel should have double wall, vacuum insulated made up for storage of liquid oxygen only.
10. should be made up of stainless steel/carbon steel, vertical in design.
11. should have capacity to accommodate not less then as mentioned in table. 1 of this tender document, Liquid oxygen
12. the vaporizer coil shall meet the following requirements:
 - a. Maximum operating pressure:17 kg/sq.cm
 - b. inlet temp:- 196 to 40 Deg.C.
13. two safety valves double relief valves and two burst disks (option) arranged in parallel to prevent inner vessel from over pressure and 2 burst for protecting the outer vessel.
14. one safety device on outer vessel to protect outer vessel form over pressure, in case there is a leakage in the inner vessel piping.
15. Liquid level gauge for showing the liquid medical oxygen level the vessel.
16. the firm should have best operational practice and should provide feature as per global safety standards.
17. all safety features e.g., pressure relief valves should be available.
18. should have pressure regulator and pressure gauge.
19. provision to assess the level of liquid Oxygen is must.

20. it should be installed with adequate number of vaporizers.
21. must be designed in accordance with relevant international norms.
22. the entire unit/project should be provided and installed by the firm free of cost. it will be used to store/supply liquid medical oxygen supplied by the same firm. the LMO vessel installed by the firm will be the property of the firm and shall be returned to the firm when supply contract is over. however, other works done by the firms e.g copper pipeline work to connect the manifolds of different user departments from LMO Vessel and other civil, Mechanical, Electrical works shall be property of the University.
23. the maintenance for proper functioning of the LMO vessel and other works as mentioned in tender document shall be the entire responsibility of the firm.
24. the contract will be valid for five Years form the date of finalization of the tender and same may be extended by the university Authority on mutual agreement.

MEDICAL OXYGEN SPECIFICATIONS

1. Liquid Medical Oxygen(LMO)

- . Detailed Technical specification for LMO
- . should be certified for Medical use as per I.P. 2010
- . should not contain less than 99.60%V/V of Oxygen
- . should not contain more than 5 p. pm carbon monoxide
- . should not contain more than 30p. pm carbon monoxide
- . should be free of moisture.

2. Compressed Medical Oxygen

- . should not cause any damage to gas pipeline, anesthesia Machine and ventilators and any equipment used with it.
- . medical Grade I.P
- . Certified safe for human use

FINANCIAL INFORMATION

1. Financial Analysis details submitted by the bidder to the income Tax department/ sale tax department or equivalent Competent Authority in the Following Performa.

YEARS				
S.no	Particular	2018-19	2017-18	2016-17
i	Annual Turnover			
li	Profit/loss			

2. The following certificate shall also enclose:
“Annual turn Over for last’s duly certified by approved Chartered Accountant or Equivalent competent Authority”

Signature of Applicant (s)

DETAILS OF ALL WORKS OF SIMILAR CLASS COMPLETED DURING THE LAST THREE YEARS
RECKNONED BACKWARD WITH REFERENCE TO THE LAST DATE OF BID

SUBMISSION

S. No	Name of work/ project Location	Owner or Sponsoring Organization	Gross amount	Date of commencement as per Contract	Stipulated date of completion	Actual date of completion	Litigation/arbitration pending/in progress with details	Name & Address telephone number of officer to whom reference may be made	Remark
1	2	3	4	5	6	7	8	9	10

indicate gross amount claimed and amount awarded by the arbitrator

Signature of Applicant (s)

Note:- Only those works which satisfies the eligibility criteria needs to be maintained

PERFORMANE REPORT THE WORKS REFERRED TO IN Annexure “11”

1. Name of firm
2. (i) Name of work/project & location

(ii) Name of client/Hospital
3. Agreement Number
4. Completion Cost
5. Date of Start
6. Date of actual Completion
7. performance Report-(Quality of work)
8. the details of installation of liquid Oxygen tank should be clearly given or complete schedule be enclosed

to be signed by the competent authority

Note:- the hospital shall be at liberty to verify the details submitted by the applicant.

Non Convocation Certificate Undertaking

On non-judicial stamp paper of Rs. 100/-
