UpToDate topics undergo rigorous peer review and are updated continuously to ensure the content remains both current and accurate. In addition, UpToDate does not accept money from advertisers, so the information is free of commercial bias.

UpToDate is in use in more than 180 countries and has been shown in numerous independent studies to be associated with improved medical knowledge, improved quality of care, reduced complications, reduced medical errors, reduced length of hospital stay, reduced cost, and lowered mortality. There is no other resource that offers UpToDate's breadth of content, synthesized information, and organized, searchable format. **UpToDate is a sole source provider of the above-described services and is a proprietary resource of Wolters Kluwer.**
